

Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 7mm STW

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater Safety Instruction Guide

Introduction

Thank you for choosing the BenchRestSeater 1 1/4 and 7mm STW. This product is designed for precision seating of match bullets, ensuring optimal performance and safety during use. This guide provides essential safety instructions, proper usage guidelines, and important contact information for further support.

General Safety Guidelines

- Ensure that the BenchRestSeater is used only for its intended purpose. Misuse can lead to accidents or injuries.
- Always handle the product with care, keeping it out of reach of children and vulnerable individuals.
- Before using the BenchRestSeater, carefully read and understand all instructions provided in this guide.
- Regularly inspect the product for any signs of wear or damage. Do not use if any parts are broken or compromised.
- If you experience any difficulties or have questions regarding the product, seek assistance before proceeding.

Specific Safety Precautions for Use

- Always wear appropriate eye protection when using the BenchRestSeater to protect against debris or projectiles.
- Ensure the work area is clean and free from distractions. A cluttered workspace can lead to accidents.
- Use the product in a wellventilated area to avoid inhaling any dust or fumes generated during the seating operation.
- Keep hands and body clear of the seating area to prevent injuries.
- Do not exceed the recommended bullet specifications for the BenchRestSeater to ensure safe and effective operation.

Instructions for Installation and Usage

1. Setup:

- Place the BenchRestSeater on a stable, flat surface.
- Ensure the unit is securely mounted to prevent movement during operation.

2. Using the Seater:

- Select the appropriate seaterhead based on the bullet type you are using.
- Insert the cartridge case into the guide sleeve, ensuring it is seated properly.
- Align the bullet with the cartridge case and gently press down to initiate the seating process.
- Monitor the alignment throughout the seating operation to ensure perfect concentricity.

3. PostUse Care:

- Clean the BenchRestSeater after each use to remove any residue or debris.
- Store the product in a dry place, away from direct sunlight and extreme temperatures.

Disposal Instructions

- Dispose of the BenchRestSeater and any associated components in accordance with local regulations.
- If the product is no longer usable, consider recycling materials where possible.

Contact Information for Further Support

For any inquiries regarding safety, usage, or maintenance of the BenchRestSeater, please refer to the manufacturer's contact information provided in the product manual. You can also report any unsafe products or incidents to the relevant authorities through the EU's Safety Gate platform.

Thank you for your attention to these safety instructions. Your adherence to these guidelines will help ensure a safe and effective experience with your BenchRestSeater.
