

Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 7mm-08 Rem

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater Safety Instructions

Introduction

Thank you for choosing the BenchRestSeater 1 1/4 for your reloading needs. This product is designed for precision seating of match bullets and is intended for use in reloading ammunition. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the BenchRestSeater is used in a wellventilated area.
- Keep the work area clean and organized to prevent accidents.
- Always wear appropriate safety gear, including safety glasses and gloves, when using reloading equipment.
- Store the BenchRestSeater in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage. Do not use if damaged.
- Follow all local laws and regulations regarding ammunition reloading.

Specific Safety Precautions for Use

- **Hazard Awareness:** Be aware of the potential hazards associated with reloading ammunition, including the risk of explosion and injury from improper handling of components.
- **Bullet Runout:** Ensure proper alignment of the cartridge case and bullet during the seating operation to avoid excessive bullet runout.
- **SeaterHead Replacement:** Only use the specified seaterheads that are compatible with your BenchRestSeater model. Incorrect heads can lead to poor performance and safety issues.
- **Vulnerable Groups:** This product is not intended for use by individuals under the age of 18. Ensure that all users are trained and knowledgeable about safe reloading practices.

Instructions for Installation and Usage

1. Setup:

- Secure the BenchRestSeater to a stable work surface using appropriate mounting hardware.
- Ensure that the guide sleeve is correctly aligned with the cartridge chamber.

2. Loading:

- Carefully insert the cartridge case into the guide sleeve.
- Place the bullet into the case, ensuring it is seated properly.

3. Seating:

- Gradually apply pressure to the seaterhead to seat the bullet into the cartridge case.
- Monitor the process to ensure that the bullet is seated evenly and without excessive force.

4. Replacing SeaterHeads:

- To replace the seaterhead, unscrew the existing head and replace it with the new one, ensuring it is securely fastened.

5. PostUse Care:

- After use, clean the BenchRestSeater to remove any residue or debris.
- Store the product in a dry, secure location.

Disposal Instructions

- Dispose of any used components, such as spent cartridges and bullets, in accordance with local regulations.
- Do not dispose of the BenchRestSeater in regular household waste. Consult local waste management guidelines for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or further assistance, please consult the product manual or contact your local distributor.

Thank you for using the BenchRestSeater responsibly. Ensure that you follow these guidelines to maintain a safe and effective reloading environment.
