

Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 300 Pegasus

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater 1 1/4 Safety Instruction Guide

Introduction

Thank you for choosing the BenchRestSeater 1 1/4. This product is designed for precision seating of match bullets, ensuring accuracy and consistency in your shooting activities. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the BenchRestSeater is used in a wellventilated area.
- Always wear appropriate safety gear, including safety glasses and hearing protection, when using this product.
- Keep the BenchRestSeater out of reach of children and vulnerable individuals.
- Regularly inspect the seaterhead and other components for wear or damage before use.
- Follow all local laws and regulations regarding the use of reloading equipment.

Specific Safety Precautions for Use

- Use only the recommended types of seaterheads designed for the BenchRestSeater to ensure optimal performance and safety.
- Do not exceed the recommended pressure limits when seating bullets, as this can lead to dangerous situations.
- Ensure that the cartridge case is properly aligned and seated in the guide sleeve before beginning the seating operation.
- Avoid distractions while using the BenchRestSeater to maintain focus and prevent accidents.
- In case of any malfunction or unusual behavior during use, stop immediately and inspect the equipment.

Instructions for Installation and Usage

Installation

1. **Unpack the Product:** Carefully remove the BenchRestSeater and all components from the packaging.
2. **Inspect Components:** Check for any visible damage or missing parts. Do not use if damaged.
3. **Attach the SeaterHead:** Select the appropriate seaterhead for your bullet type and securely attach it to the seater body.
4. **Mount the Seater:** Securely mount the BenchRestSeater to a stable surface, ensuring it is level and will not move during use.

Usage

1. **Prepare the Cartridge Case:** Ensure that the cartridge case is clean and free from debris.
2. **Insert the Cartridge Case:** Place the cartridge case into the guide sleeve of the BenchRestSeater.
3. **Insert the Bullet:** Position the bullet in the seaterhead.
4. **Perform Seating Operation:** Gently apply pressure to seat the bullet into the cartridge case. Ensure proper alignment throughout the process.
5. **Inspect the Finished Cartridge:** Check that the bullet is seated correctly and that there is no visible runout.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the BenchRestSeater in regular household waste. Instead, follow local electronic waste disposal guidelines.

- Recycle packaging materials where possible.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the product manual or contact your local distributor.

By following these guidelines, you can ensure safe and effective use of the BenchRestSeater 1 1/4. Thank you for prioritizing safety in your reloading activities.
