

# Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 300 Wea Mag

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Safety Instruction Guide for BenchRestSeater 1 1/4 BenchRestSeater 300 Wea Mag

## Introduction

Thank you for choosing the BenchRestSeater 1 1/4 BenchRestSeater 300 Wea Mag. This product is designed for precision in seating match bullets and ensuring optimal bullet runout. To guarantee safe and effective use, please follow the guidelines outlined in this manual.

## General Safety Guidelines

- Ensure that you read and understand all instructions before using the product.
- Use the product only for its intended purpose as described in this manual.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before each use.
- If you notice any defects, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when using the product.
- Ensure that the workspace is clean and free of obstructions before starting the seating operation.
- Avoid using excessive force during the seating process to prevent damage to the product or injury.
- Do not modify the product in any way, as this may compromise its safety and effectiveness.
- If you are unsure about any aspect of using the product, consult the manual or seek professional assistance.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the workbench or table where the product will be used is stable and secure.
- Attach the BenchRestSeater to the work surface using the appropriate mounting hardware (not included).
- Verify that the seaterhead is securely attached and properly aligned before use.

### 2. Usage:

- Select the correct seaterhead based on the bullet type you will be using.
- Insert the cartridge case into the guide sleeve, ensuring it is seated properly.
- Place the bullet into the seaterhead and ensure it is aligned with the cartridge case.
- Apply gentle and steady pressure to the seaterhead to seat the bullet into the cartridge case.
- After seating, remove the cartridge and inspect for concentricity. If necessary, repeat the process with adjustments.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the product is no longer in use or damaged beyond repair, dispose of it responsibly at a designated waste disposal facility.
- Do not dispose of the product in regular household waste.

## **Contact Information for Further Support**

For any safety inquiries, product support, or to report unsafe conditions, please refer to the official EU contact points or relevant authorities in your region.

Thank you for your attention to these safety guidelines. Your safety is our priority.
