

# Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 338 Blaser Mag

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater 1 1/4 BenchRestSeater 338 Blaser Mag Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRestSeater 1 1/4 BenchRestSeater 338 Blaser Mag. This product is designed for precision in seating match bullets, ensuring the highest level of accuracy in your reloading process. To ensure your safety and the optimal performance of the product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always read the instruction manual before using the product.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or product malfunctions to the appropriate authorities.
- Stay informed about any recalls or safety alerts related to the product.

## Specific Safety Precautions for Use

- Ensure you are using the correct seater head for the bullet type to maintain concentricity.
- Always wear appropriate safety gear, including eye protection, when using the product.
- Do not exceed the recommended seating pressure to avoid damaging the bullet or cartridge.
- Use the product in a wellventilated area to avoid inhalation of any particles.
- Do not modify the product in any way, as this may compromise safety and performance.
- Always follow the manufacturer's guidelines for maintenance and storage.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that the product is placed on a stable work surface.
- Attach the seater head securely to the main body of the seater.
- Verify that the guide sleeve is properly aligned with the cartridge chamber.

### 2. Usage

- Load the cartridge case into the guide sleeve, ensuring it is seated properly.
- Insert the bullet into the seater head.
- Slowly and firmly press down on the handle to seat the bullet into the cartridge case.
- Check the bullet's seating depth and concentricity after each operation.
- If necessary, adjust the seater head according to the manufacturer's instructions for optimal performance.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer functional, contact your local waste management authority for proper disposal methods.

## **Contact Information for Further Support**

For additional information or support regarding this product, please refer to the manufacturer's contact information provided in the product manual. Ensure that you have the product details ready when seeking assistance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
