

# Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 338 Rem Ultra Mag

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater 1 1/4 BenchRestSeater 338 Rem Ultra Mag Safety Instructions

## Introduction

Thank you for choosing the BenchRestSeater 1 1/4 BenchRestSeater 338 Rem Ultra Mag. This product is designed to provide the highest precision in seating match bullets and is essential for achieving optimal bullet runout. To ensure safe and effective use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always handle the BenchRestSeater with care to prevent accidents.
- Ensure that the product is used in a wellventilated area.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the BenchRestSeater for any signs of wear or damage before use.
- If you notice any defects or unusual performance, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Use only the recommended seater heads for your specific bullet type to maintain accuracy and safety.
- Ensure that the cartridge case is properly aligned with the guide sleeve before beginning the seating operation.
- Do not force the cartridge into the seating device; if resistance is felt, stop and check alignment.
- Always wear appropriate safety gear, including eye protection, when using the BenchRestSeater.
- Avoid distractions while using the product to maintain focus and prevent accidents.

## Instructions for Installation and Usage

### 1. Installation:

- Place the BenchRestSeater on a stable, flat surface.
- Ensure the seating device is securely mounted as per the manufacturer's guidelines.
- Select and attach the appropriate seater head based on the bullet type you will be using.

### 2. Usage:

- Load the cartridge case into the guide sleeve, ensuring it is properly seated.
- Insert the bullet into the cartridge case.
- Slowly and gently push down on the seater head to begin the seating process.
- Monitor the alignment and pressure; do not apply excessive force.
- Once the bullet is seated to the desired depth, remove the cartridge from the device.
- Inspect the cartridge for proper seating and concentricity before proceeding.

## Disposal Instructions

- Dispose of any defective or damaged components of the BenchRestSeater in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, check for designated recycling or disposal facilities for hazardous materials.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to the manufacturer's contact details provided in the product manual.

By adhering to these safety instructions, you can ensure a safe and effective experience with the BenchRestSeater 1 1/4 BenchRestSeater 338 Rem Ultra Mag. Thank you for your commitment to safety and precision.
