

Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 9,3x64 Br

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater Safety Instruction Guide

Introduction

Thank you for choosing the BenchRestSeater 1 1/4 BenchRestSeater 9,3x64 Br. This product is designed to provide you with the highest precision in seating match bullets. To ensure your safety and the optimal use of this product, please read this guide carefully. It contains important safety information, usage instructions, and disposal guidelines in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always use the BenchRestSeater in a wellventilated area.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product before each use for any signs of damage or wear.
- Use the product only for its intended purpose as described in this guide.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the seaterhead is securely attached before use.
- Do not exceed the recommended specifications for bullet types and sizes.
- Be cautious when handling bullets and cartridges to avoid accidental injury.
- Always wear appropriate safety gear, such as safety glasses, when operating the seater.
- Keep your hands and other body parts clear of moving parts during operation.
- If you experience any difficulties while using the product, stop immediately and consult the manual or seek assistance.

Instructions for Installation and Usage

1. Installation

- Unpack the BenchRestSeater and ensure all components are present.
- Attach the seaterhead to the main body of the seater securely.
- Ensure that the guide sleeve is properly aligned with the cartridge chamber.

2. Usage

- Place the cartridge case into the guide sleeve.
- Insert the bullet into the cartridge case.
- Apply gentle pressure to the seaterhead to start the seating operation.
- Ensure that the cartridge case is receiving perfect axial guidance during the seating process.
- Once the bullet is seated, remove the cartridge case and inspect for concentricity.
- Repeat the process for additional cartridges as needed.

Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic waste and hazardous materials.
- Do not dispose of the product in regular household waste.
- If you are unsure about disposal methods, contact your local waste management authority for guidance.

Contact Information for Further Support

For any questions or concerns regarding the BenchRestSeater, please refer to the user manual or contact your local dealer for assistance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using your BenchRestSeater for precise bullet seating!
