

Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 10,75x68

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater Safety Instruction Guide

Introduction

Thank you for choosing the BenchRestSeater 1 1/4. This product is designed to provide you with the highest precision in seating match bullets while ensuring safety during its use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

To ensure your safety and the safety of others, please follow these general safety guidelines:

- Always use the BenchRestSeater in a wellventilated area.
- Keep the workspace clean and organized to prevent accidents.
- Store the product in a safe place, out of reach of children and pets.
- Regularly inspect the BenchRestSeater for any signs of wear or damage before use.
- Follow all manufacturer instructions and recommendations.

Specific Safety Precautions for Use

When using the BenchRestSeater, please observe the following precautions:

- Ensure that the product is correctly assembled before use.
- Use only compatible bullet types as specified by the manufacturer.
- Avoid placing fingers near the seaterhead during operation to prevent injury.
- Do not exceed the recommended seating pressure to avoid damaging the bullets or the seater.
- If you experience any difficulties during use, stop immediately and consult the manual for troubleshooting.

Instructions for Installation and Usage

Follow these steps for proper installation and usage of the BenchRestSeater:

1. Unboxing the Product

- Carefully remove the BenchRestSeater from its packaging.
- Check for all components listed in the manual.

2. Assembly

- Attach the seaterhead securely to the main body of the BenchRestSeater.
- Ensure that all connections are tight and secure.

3. Preparation for Use

- Select the correct seaterhead for the bullet you intend to use. Refer to the manual for compatibility.
- Load the cartridge case into the seater, ensuring it is properly aligned.

4. Seating Operation

- Firmly hold the BenchRestSeater in place.
- Gradually apply pressure to the seaterhead to seat the bullet.
- Monitor the process to ensure that the bullet is seated evenly.

5. **PostUsage Care**

- After use, clean the BenchRestSeater to maintain its precision and functionality.
- Store the product in a safe and dry location.

Disposal Instructions

When it is time to dispose of the BenchRestSeater:

- Follow local regulations for the disposal of nonfood products.
- Do not dispose of the product in regular household waste.
- Consider recycling options where available.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please refer to the manufacturer's manual or website for assistance.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your BenchRestSeater. Always prioritize safety and refer to the manual for any specific questions or concerns regarding the product. Thank you for your attention to these guidelines, and enjoy your precision seating experience!
