# Scopemate S18 Version 3.0 Safety Instruction Guide

## Introduction

Thank you for choosing the Scopemate S18 Version 3.0 Scope Camera. This advanced hunting optic is designed to enhance your outdoor experiences while ensuring your safety and that of others. Please read this safety instruction guide thoroughly to understand how to use the product safely and effectively.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the Scopemate S18 by following all provided instructions. This product is designed for outdoor use and should only be used as intended.
- **Enhanced Recalls:** Stay informed about any product recalls. In the event of a recall, you will be notified through standardized notices, and free remedies will be provided for dangerous products.
- **Online Shopping:** When purchasing online, ensure that you buy from reputable sellers who comply with safety requirements.
- **Special Consumer Focus:** Extra precautions should be taken when using this product around children. Ensure that the product is stored out of reach of children when not in use.
- **EU Contact Point:** For safety inquiries, refer to the EU-based contact provided by your retailer or manufacturer.
- **Rapid Alerts:** Keep updated on product safety through the EU's Safety Gate system, which provides quick alerts on unsafe products.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - The product may contain small parts that could pose a choking hazard to children.
  - The lens can become hot during prolonged use; avoid direct eye contact with the lens when in use.
  - Ensure that the product is securely fitted to your scope to prevent it from falling or detaching during use.
- **Avoiding Hazards:**
  - Always inspect the product before use to ensure that it is in good working condition.
  - Do not use the product in extreme weather conditions outside its operating temperature range (14°F to 122°F or 10°C to +50°C).
  - Avoid using the product while driving or operating machinery.
  - Use the product in a well-lit area to prevent accidents or injuries.

## Instructions for Installation and Usage

- **Installation:**
  1. Ensure the scope is clean and free of debris.
  2. Align the Scopemate S18 with the scope's eyepiece.
  3. Securely attach the adaptor fitting, ensuring it fits snugly within the diameter range (3648mm).
  4. Check the connection to ensure it is stable before proceeding to use.
- **Usage:**

1. Power on the device using the USB connection or fully charged 18650 battery.
2. Download the compatible iOS/Android app to connect your smartphone or tablet.
3. Follow the app instructions to establish a WiFi connection for realtime video streaming.
4. Adjust the magnification from 1x to 8x as needed using the control settings.
5. Utilize the focus feature to achieve sharp visuals from 3cm to infinity.
6. For recording, choose between automatic or manual modes based on your preference.
7. After use, power off the device and disconnect from the scope.

## **Disposal Instructions**

- Dispose of the Scopemate S18 in accordance with local regulations regarding electronic waste.
- Do not dispose of the battery in regular household waste. Follow local guidelines for battery disposal or recycling.
- Ensure that all packaging materials are recycled appropriately.

## **Contact Information for Further Support**

For any questions or concerns regarding the Scopemate S18, please refer to the contact information provided by your retailer or manufacturer. They will assist you with any safety inquiries or product support you may need.

By following these guidelines, you can ensure a safe and enjoyable experience with your Scopemate S18 Version 3.0 Scope Camera. Thank you for your attention to safety.
