

GripON WHT

[Shooting Accessories](#) > [Duty Gear](#)

The Grip On is the most versatile product in our lineup, designed to securely attach to a wide variety of gear. Equipped with a U-Plate Arca for multi-directional mounting and a durable 9-inch strap, the Grip On adapts to fit binoculars, tripod legs, smaller cups, water bottles, and more.

1. Fits a Wide Range of Gear: Perfect for binoculars, tripods, water bottles, cups, and other similarly sized items.
2. U-Plate Arca Included: Allows mounting in any direction for maximum flexibility.
3. Adjustable Strap System: The 9-inch strap ensures a secure fit. Simply loosen the strap to wrap around your gear, pull it snug, and tighten the Allen bolt for optimal tension.
4. Multi-Platform Compatibility: Connects seamlessly with both the Lock family and Grip-On family for expanded functionality.

GripON WHT Safety Instruction Guide

Introduction

Thank you for choosing the GripON WHT. This versatile product is designed to securely attach to various gear, ensuring a safe and efficient experience. This safety instruction guide provides essential information about the safe use, installation, and disposal of the GripON WHT, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the GripON WHT is used only for its intended purpose of securing gear such as binoculars, tripods, water bottles, and similar items.
- Always inspect the product before each use for any signs of wear or damage. Do not use if damaged.
- Keep the GripON WHT out of reach of children to prevent accidental injury or misuse.
- Use the product only in environments that are safe and free from hazards that may cause injury.
- Be aware of your surroundings when using the GripON WHT to avoid accidents or injuries.

Specific Safety Precautions for Use

- **Avoid Excessive Force:** Do not overtighten the Allen bolt as this can damage the strap and compromise the security of your gear.
- **Check Compatibility:** Ensure that the gear you are attaching is compatible with the GripON WHT to avoid accidents.
- **Secure Fit:** Always ensure that the strap is snugly wrapped around the gear before use to prevent slippage.
- **MultiDirectional Mounting:** When using the UPlate Arca, ensure that it is securely locked in place to avoid accidental dismounting of the gear.
- **Environmental Considerations:** Do not use the GripON WHT in extreme temperatures or wet conditions unless specified, as this may affect its performance.

Instructions for Installation and Usage

1. Inspect the Product:

- Before installation, check the GripON WHT for any visible damage or defects.

2. Prepare the Gear:

- Select the item you wish to attach the GripON WHT to (e.g., binoculars, tripod).
- Ensure the surface of the gear is clean and dry.

3. Attach the UPlate Arca:

- Position the UPlate Arca on the gear.
- Ensure it is aligned correctly for the desired mounting direction.

4. Wrap the Strap:

- Take the 9inch strap and wrap it around the gear.
- Make sure the strap is snug but not overly tight.

5. Tighten the Strap:

- Pull the strap snug to secure it in place.

- Use the Allen bolt to tighten the strap, ensuring it is securely fastened.

6. Final Check:

- Confirm that the gear is securely attached and that there is no movement before use.

Disposal Instructions

- When disposing of the GripON WHT, follow local regulations regarding the disposal of nonfood products.
- If the product is damaged beyond use, consider recycling materials where possible.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any safety inquiries or concerns regarding the GripON WHT, please refer to the product packaging or visit the manufacturer's website for more information.

By following this safety instruction guide, you can ensure the safe and effective use of the GripON WHT. Always prioritize safety and report any unsafe conditions or incidents to the appropriate authorities. Thank you for your attention to these important guidelines.
