

# ACC Premier GEN 2 System - Howa 1500 - ACC Premier GEN 2 System Howa 1500 SA RH FDE

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT ACC Premier GEN2 Chassis System is the all-round refresh to the industry-defining ACC Premier, pushing precision and performance to the next level. Designed with feedback from elite shooters, it incorporates innovations from the ACC Elite, such as a taller integrated barricade stop for enhanced stability, a thicker and more rigid forend for improved durability, and pre-drilled holes along the top of the forend to accommodate MDT's NV and Control Bridge system.

Rimfire competition is booming, so MDT made the forend a compact 15" to perfectly fit a wider range of barrel sizes. Whether you're dominating steel matches or PRS, this chassis system is your ultimate advantage. Engineered for maximum customization, it lets you fine-tune your competition rifle's balance with a variety of compatible weights. The result? Faster target acquisition, smoother follow-up shots, and unparalleled control.

Upgrade to the MDT ACC Premier GEN2 and ensure you're equipped to excel in every match. Precision, stability, and adaptability—this chassis delivers it all.

# Safety Instruction Guide for the ACC Premier GEN 2 System Howa 1500

## Introduction

Thank you for choosing the ACC Premier GEN 2 System for your Howa 1500 rifle. This guide provides essential safety instructions to ensure the safe and effective use of your chassis system. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure that the product is suitable for your specific model and configuration.
- Always follow the manufacturer's instructions for installation and usage.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the chassis for signs of wear or damage before each use.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate system.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using your rifle.
- Ensure the rifle is unloaded before installing or adjusting the chassis.
- Do not exceed the manufacturer's recommended weight limits for the chassis.
- Avoid using the chassis in extreme weather conditions that may affect performance.
- Be cautious when adjusting the chassis to prevent pinching or injury.
- Use the integrated barricade stop responsibly to maintain stability during use.

## Instructions for Installation and Usage

### 1. Installation Steps

- Ensure you have all necessary tools and components before beginning installation.
- Carefully remove the existing stock from your Howa 1500 rifle.
- Align the ACC Premier GEN 2 chassis with the rifle's action and secure it using the provided screws.
- Tighten the screws to the manufacturer's specified torque settings to ensure stability.
- Attach any additional components, such as weights or accessories, as needed.

### 2. Usage Instructions

- Before using the rifle, verify that it is securely mounted in the chassis.
- Adjust the forend and barricade stop to your preferred settings for optimal performance.
- Practice safe handling and shooting techniques at all times.
- Regularly check the tightness of screws and components during use to prevent loosening.

## Disposal Instructions

- Dispose of the chassis and any associated components in accordance with local regulations.
- Do not dispose of the product in household waste; seek out designated recycling facilities.
- Remove any nonrecyclable materials responsibly.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding your product, please refer to the manufacturer's website or customer service for assistance.

By following these guidelines, you can ensure a safe and enjoyable experience with your ACC Premier GEN 2 System.
