

DeathGrip Bantam

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipods](#)

Think a lightweight tripod can't deliver game-changing stability? The DeathGrip® Bantam begs to differ. Built with the trusted dependability of its big brother, the original BOG® DeathGrip, this compact powerhouse is made for situations where weight and size matter. Weighing just over 1.3 kg, it's up to 44% lighter than the competition, setting a new standard for ultra-light shooting stability. Designed for sitting to kneeling positions, it holds up to 18kg while coming in at a price up to 50% lower than its rivals. The DeathGrip Bantam doesn't just compete—it dominates.

DeathGrip Bantam Safety Instruction Guide

Introduction

Thank you for choosing the DeathGrip® Bantam. This lightweight tripod is designed to provide exceptional stability for your shooting needs. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always inspect the DeathGrip Bantam before each use for any signs of damage or wear.
- Ensure that the tripod is set up on stable and level ground to prevent tipping or falling.
- Do not exceed the maximum load capacity of 18 kg to avoid damage to the tripod and ensure user safety.
- Keep the tripod away from children and vulnerable individuals when in use or when set up.
- Use the tripod only for its intended purpose; misuse may lead to accidents or injuries.
- Always keep your hands clear of moving parts during setup and adjustment.

Specific Safety Precautions for Use

- **Weight Capacity:**
 - Do not exceed the 18 kg weight limit. Exceeding this limit may cause the tripod to fail, leading to potential injury or damage.
- **Setup Location:**
 - Always set up the tripod on flat, stable surfaces. Avoid loose gravel, sandy areas, or any uneven terrain.
- **Weather Conditions:**
 - Avoid using the tripod in severe weather conditions, such as strong winds or heavy rain, which could affect stability.
- **Handling:**
 - Use both hands when adjusting the height and angle of the tripod to maintain control and prevent accidents.
- **Transport:**
 - When transporting the tripod, ensure it is securely packed to prevent damage or injury during transit.

Instructions for Installation and Usage

1. **Unpacking:**
 - Carefully remove the DeathGrip Bantam from its packaging. Inspect for any visible damage.
2. **Setup:**
 - Extend the legs of the tripod to the desired height. Ensure that each leg is locked in place before

use.

- Adjust the head of the tripod to your preferred angle. Make sure all locks are secure.

3. Mounting Equipment:

- Attach your equipment securely to the tripod head. Ensure that it is properly balanced and that the locking mechanism is engaged.

4. Usage:

- When using the tripod, maintain a safe distance and avoid placing your hands near any moving parts.
- Regularly check that all connections and locks remain secure during use.

5. Dismantling:

- After use, carefully dismantle the tripod by reversing the setup steps. Ensure all components are clean and dry before storing.

Disposal Instructions

- Dispose of the DeathGrip Bantam in accordance with local regulations.
- For environmentally responsible disposal, consider recycling the materials where possible.
- Do not dispose of the tripod in regular household waste.

Contact Information for Further Support

For any questions regarding the DeathGrip Bantam, including safety inquiries or product support, please refer to the manufacturer's contact information provided in the product packaging or on the official website.

Please ensure that you follow these safety instructions to maximize your experience with the DeathGrip Bantam. Your safety is our priority.
