

# MX ELECTRONIC w/o Gel Pads

[Shooting Accessories](#) > [Ear & Eye Protection](#) > [Ear Muffs](#)

Precision starts with what you hear. The AXIL MX Electronic isn't just hearing protection – it's a competitive edge. Built for serious shooters, this cutting-edge electronic hearing protector enhances your awareness while shielding your ears from dangerous gunfire noise.

Advanced Sound Compression Technology suppresses loud impulse noises while amplifying ambient sounds like speech, range commands, or footsteps. Stay alert, stay connected, and stay in control – even in high-intensity environments.

Thanks to integrated Bluetooth audio, you can stream music, take calls, or connect to range communications wirelessly – all with crystal-clear stereo sound and zero interference.

With a lightweight build, ergonomic fit, and rugged construction, the AXIL MX is engineered for all-day comfort and durability. And with a reaction time under 2 milliseconds, your hearing is protected the moment the shot is fired.

## Key Features:

- Active Sound Compression: Blocks gunfire, enhances surrounding audio
- Bluetooth Connectivity: Stream audio or connect to devices wirelessly
- True Stereo Sound: Clear, natural hearing with directional awareness
- Lightweight & Durable: Built for serious range time and tactical use
- Ergonomic Fit: Comfort that lasts – even under hats or ear muffs
- Ultra-Fast Reaction Time: < 2ms response for uncompromising protection

# Safety Instruction Guide for AXIL MX Electronic Hearing Protectors

## Introduction

Thank you for choosing the AXIL MX Electronic Hearing Protectors. Designed for serious shooters, these protectors enhance your hearing awareness while safeguarding your ears from harmful noise levels. This guide provides essential safety instructions and guidelines to ensure safe and effective use of this product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always inspect the hearing protectors before use. Look for any signs of damage or wear.
- Ensure the product fits properly to maximize effectiveness and comfort.
- Do not use the hearing protectors in environments where hearing protection is not necessary.
- Keep the device out of reach of children and individuals who may not understand how to use it safely.
- Report any unsafe conditions or incidents involving the product to the appropriate authorities.

## Specific Safety Precautions for Use

- **Active Sound Compression:** The AXIL MX uses advanced technology to block harmful gunfire noise while allowing ambient sounds. Ensure you understand how this feature works and test it in a safe environment before use.
- **Bluetooth Connectivity:** When using Bluetooth, be aware of your surroundings to avoid distractions. Do not operate devices while handling firearms.
- **UltraFast Reaction Time:** The hearing protectors react in less than 2 milliseconds. Be mindful that while this feature enhances safety, it does not eliminate all risks associated with shooting.
- **Ergonomic Fit:** Make sure the product is adjusted correctly to avoid discomfort during extended use. If you experience discomfort, remove the protectors immediately.
- **Age Restrictions:** This product is designed for adult users. Keep it away from children to prevent misuse.

## Instructions for Installation and Usage

### 1. Fitting the Hearing Protectors:

- Adjust the headband for a snug fit.
- Ensure the ear cups fully cover your ears to provide maximum protection.
- Test the fit by gently moving your head; the protectors should remain in place without discomfort.

### 2. Using Bluetooth Features:

- Turn on the Bluetooth feature on your hearing protectors.
- Pair the device with your smartphone or audio source according to the user manual.
- Adjust the volume to a safe level to prevent hearing damage.

### 3. Activating Active Sound Compression:

- Ensure the device is powered on before use.
- Familiarize yourself with the controls to adjust settings as needed.

### 4. Maintenance:

- Regularly clean the ear cups with a damp cloth to maintain hygiene.
- Store the hearing protectors in a dry place when not in use.

## **Disposal Instructions**

- Dispose of the AXIL MX Electronic Hearing Protectors in accordance with local regulations.
- Do not throw the product in regular household waste.
- Check for any recycling programs available in your area for electronic devices.

## **Contact Information for Further Support**

For any inquiries regarding safety or product issues, please refer to the manufacturer's contact details provided in the product packaging or visit the official website.

By following these safety guidelines, you can ensure a safer experience while using your AXIL MX Electronic Hearing Protectors. Thank you for your attention to safety. Enjoy your shooting experience!
