

# MX PRO w/o Gel Pads

[Shooting Accessories](#) > [Ear & Eye Protection](#) > [Ear Muffs](#)

Precision starts with what you hear. The AXIL MX PRO isn't just hearing protection – it's a competitive edge. Built for serious shooters, this cutting-edge electronic hearing protector enhances your awareness while shielding your ears from dangerous gunfire noise.

Advanced Sound Compression Technology suppresses loud impulse noises while amplifying ambient sounds like speech, range commands, or footsteps. Stay alert, stay connected, and stay in control – even in high-intensity environments.

Thanks to integrated Bluetooth audio, you can stream music, take calls, or connect to range communications wirelessly – all with crystal-clear stereo sound and zero interference.

With a lightweight build, ergonomic fit, and rugged construction, the AXIL MX is engineered for all-day comfort and durability. And with a reaction time under 2 milliseconds, your hearing is protected the moment the shot is fired.

# Safety Instruction Guide for AXIL MX MX PRO w/o Gel Pads

## Introduction

Thank you for choosing the AXIL MX MX PRO electronic hearing protector. This product is designed to enhance your hearing experience while providing essential protection against harmful noise levels, especially in shooting environments. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a hearing protector.
- Regularly inspect the device for any signs of damage or wear before each use.
- Follow all local laws and regulations regarding the use of hearing protection in shooting ranges or similar environments.
- Be aware of your surroundings and ensure that the device is functioning properly to avoid potential hazards.
- Keep the product out of reach of children and individuals who may misuse it.

## Specific Safety Precautions for Use

- **Active Sound Compression:** The device is designed to block harmful gunfire noise while amplifying surrounding sounds. Ensure that the sound compression feature is functioning correctly before use.
- **Bluetooth Connectivity:** When using Bluetooth features, avoid distractions that may compromise your situational awareness. Do not operate devices while handling firearms.
- **Ergonomic Fit:** Adjust the ear muffs to fit snugly but comfortably. An improper fit may reduce effectiveness and comfort.
- **Environmental Considerations:** Avoid using the product in extreme temperatures or wet conditions, as this may affect performance.
- **Battery Safety:** Ensure that batteries are installed correctly and are not damaged. Dispose of batteries responsibly according to local regulations.

## Instructions for Installation and Usage

### 1. Installation:

- Remove the AXIL MX MX PRO from its packaging.
- Inspect the device for any visible damage.
- If the device requires batteries, follow the instructions in the battery compartment for proper installation.

### 2. Usage:

- Adjust the headband to fit comfortably on your head.
- Ensure that the ear cups cover your ears completely for optimal protection.
- Connect to Bluetooth devices as needed by following the manufacturer's instructions for pairing.
- Test the sound compression feature before using the device in a noisy environment to ensure it is functioning correctly.

## Disposal Instructions

- Dispose of the AXIL MX MX PRO in accordance with local regulations for electronic waste.
- Remove batteries before disposal and recycle them according to local guidelines.

- Do not dispose of the product in regular household waste.

## Contact Information for Further Support

For any safety inquiries or further support, please refer to the manufacturer's contact details provided in the product packaging or visit the official website.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your AXIL MX MX PRO electronic hearing protector. Always prioritize safety and stay informed about product recalls or safety alerts through official channels. Thank you for your attention to these important safety measures.
