

HYPER BRIGHT FIXED PISTOL GLOCK - MEPRO HYPER-BRIGHT™ CO-WITNESS GLOCK STANDAND FRAME-ORANGE RING

The Meprolight Hyper-Bright™ sights are engineered for rapid target acquisition in all lighting conditions. Featuring a high-contrast colored front sight ring—available in orange, green, or yellow—paired with premium Swiss-made tritium vials, these sights ensure visibility from bright daylight to complete darkness.

Key Features:

- High-Contrast Front Sight Ring: Enhances daytime visibility for quicker target acquisition.
- Tritium Illumination: Green tritium vials in both front and rear sights provide consistent glow in low-light and no-light scenarios.
- U-Notch Rear Sight Design: Directs the shooter's focus to the front sight, facilitating faster alignment.
- Durable Construction: Made from rugged steel with a snag-free profile, ensuring reliability and ease of draw.
- Maintenance-Free: No batteries required; always on and ready for use.

HYPER BRIGHT FIXED PISTOL GLOCK MEPRO HYPERBRIGHT™ COWITNESS GLOCK STANDARD FRAMEORANGE RING Safety Instruction Guide

Introduction

Thank you for choosing the Meprolight HyperBright™ sights for your Glock pistol. These sights are designed for enhanced visibility and rapid target acquisition in various lighting conditions. This safety instruction guide outlines essential safety guidelines, precautions for use, installation instructions, and disposal information to ensure a safe and effective experience with your product.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always handle firearms responsibly and in compliance with local laws and regulations.
- Regularly inspect the sights for any signs of damage or wear before use.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe product conditions or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **HighContrast Front Sight Ring:** The bright color enhances visibility; however, ensure that your focus remains on the target and not solely on the sights.
- **Tritium Illumination:** While the tritium vials provide glow in lowlight conditions, do not rely solely on them as your primary source of visibility. Always assess your surroundings.
- **UNotch Rear Sight Design:** This design directs focus to the front sight; practice using it to ensure proper alignment and quick target acquisition.
- **Durable Construction:** Although the sights are made from rugged steel, avoid dropping or subjecting them to unnecessary impact.
- **MaintenanceFree:** The sights do not require batteries; however, ensure they are clean and free from obstructions for optimal performance.

Instructions for Installation and Usage

1. Installation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Remove the existing sights from your Glock according to the manufacturer's instructions.
- Align the Meprolight HyperBright™ sights with the mounting points on your Glock.
- Secure the sights in place, ensuring they are properly fitted and stable.
- Conduct a visual inspection to confirm correct installation.

2. Usage:

- Before using the firearm, familiarize yourself with the sight alignment and target acquisition process.
- Practice in a safe environment to become comfortable with the sight's features.
- Always follow proper firearm handling procedures and ensure you are aware of your target and surroundings when shooting.

Disposal Instructions

- Dispose of the product in accordance with local regulations for hazardous materials.
- If the sights are damaged or no longer functional, contact local waste management services for guidance on safe disposal methods.
- Do not attempt to disassemble the tritium vials or any other components.

Contact Information for Further Support

For any questions regarding the safety and use of the Meprolight HyperBright™ sights, please refer to the manufacturer's website or customer service resources. Ensure you have the product details available for quicker assistance.

Thank you for prioritizing safety while enjoying your Meprolight HyperBright™ sights. Always practice responsible firearm handling and stay informed about safety updates.
