

Bipod - Back Country - Picatinny - Black

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipods](#)

Designed for those who count every ounce, the MDT Backcountry Bipod delivers exactly what matters: lightweight build, uncompromising stability, and no-nonsense reliability.

It shares its DNA with the MDT Mountain Bipod but trims down to the bare essentials—skipping leg splay and advanced adjustments in favour of a more compact design, lower weight, and a friendlier price tag. When every gram counts, and every mile matters, this is the bipod you pack.

Forget the extras. Keep only what you need for demanding mountain hunts. The MDT Backcountry Bipod offers stable shooting support without adding bulk—so you can go farther, stay longer, and carry what really counts.

MDT Backcountry Bipod Safety Instruction Guide

Introduction

Thank you for choosing the MDT Backcountry Bipod. This guide provides essential safety instructions to ensure the safe use of your bipod. Please read through this manual carefully before using the product to maximize your safety and performance.

General Safety Guidelines

- Always inspect the bipod before use to ensure it is in good condition.
- Do not exceed the weight limit specified by the manufacturer.
- Avoid using the bipod in adverse weather conditions that may compromise stability.
- Keep the bipod away from children and vulnerable individuals to prevent accidents.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the bipod is securely attached to your firearm before use.
- Do not use the bipod on unstable or uneven surfaces.
- Always position the bipod in a way that prevents it from tipping over.
- Be aware of your surroundings and ensure a clear line of sight when using the bipod.
- Avoid placing excessive lateral pressure on the bipod legs.

Instructions for Installation and Usage

Installation

1. Attach the Bipod:

- Align the bipod's Picatinny mount with the corresponding rail on your firearm.
- Slide the bipod into place until it clicks securely.

2. Adjust the Legs:

- Pull down on the leg release buttons to extend the bipod legs to the desired length.
- Ensure both legs are locked in place before use.

3. Stabilize the Bipod:

- Position the bipod on a flat, stable surface.
- Adjust the angle of the bipod head if necessary to ensure your firearm is level.

Usage

- When taking a shot, ensure that your body is positioned correctly behind the firearm and that the bipod is stable.
- Use the bipod to support the weight of the firearm, allowing for better accuracy and reduced fatigue.
- After use, retract the bipod legs and detach it from the firearm if necessary.

Disposal Instructions

- Dispose of the bipod in accordance with local regulations.
- If the bipod is no longer usable, consider recycling the aluminum material where applicable.

- Do not dispose of the bipod in regular household waste.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the MDT Backcountry Bipod, please refer to the manufacturer's website or contact your local retailer.

Thank you for prioritizing safety while using the MDT Backcountry Bipod. Enjoy your outdoor adventures!
