

# LSS Gen3 Kit CZ 457 - MDT Chassis - LSS Gen3 System - CZ 457 - RH - Worker - BLK

The MDT LSS GEN3 Worker Kit is built for those who need reliability, portability, and simplicity—all packed into one rugged, ready-to-go setup. Whether you're hunting hogs, riding the fenceline, or keeping a coyote rig behind the seat, this chassis is always ready for action.

Lightweight. Compact. Easy to run. Toss it in the truck. Strap it to your pack. Set it up for anyone—from beginners to seasoned pros—and it just works.

Built for movement, the Worker Kit is easy to carry and quick to deploy, whether you're covering miles on foot or jumping in and out of a truck.

The short forend with polymer side panels keeps the rifle slim, comfortable, and easy to grip—plus, it's resistant to heat and cold where it matters. The compact CCS buttstock delivers portability without sacrificing ergonomics.

Truck gun. Ranch rifle. Pack build. Youth trainer. First rifle or fifth—it doesn't matter. This is the kind of setup that gets used—and used hard.

You get professional-grade features like AICS mag compatibility, V-block bedding, and M-LOK accessory slots, all in a build that's simple enough for anyone to use. And because it's still an LSS GEN3 chassis at its core, you're never locked in. Upgrade the stock. Swap the grip. Change the forend. Build it your way.
