

LSS Gen3 Kit LA - MDT Chassis - LSS Gen3 System - Howa 1500 - LA - RH - Competitor - BLK

If you're building a match rifle and want to skip the guesswork, the MDT LSS GEN3 Competition Kit is your solution. It takes the most modular rifle chassis system on the market and tunes it for one thing: winning competitions.

No part picking. No mismatched accessories. Just a rock-solid, competition-ready rifle foundation—straight out of the box. Every component in this kit is hand-selected to give you the edge in PRS, NRL, and precision rifle matches. It's not just modular—it's optimized.

The flat, wide Competition Forend with an integrated ARCA rail makes running barricades automatic. Lock in your tripod, clamp your bipod, and go. This isn't a compromise. You get the same rock-solid fitment and zero-retention that the GEN3 is known for—with competition-grade parts pre-installed.

Already a beast, yet still fully modular. Swap the grip. Switch the stock. Add weights, bridges, or accessories. Make it yours.

Instructions for Installation and Usage

Installation Instructions

1. **Remove the rifle from its case:** Ensure the rifle is unloaded and safe.
2. **Disassemble the rifle:** Remove the stock and any other components that will be replaced by the LSS Gen3 Kit.
3. **Install the chassis:**
 - Align the rifle action with the chassis.
 - Secure the action using the provided screws and tools.
 - Ensure all screws are tightened to the manufacturer's specifications.
4. **Attach the forend:** Install the flat, wide Competition Forend onto the chassis, ensuring a secure fit.
5. **Customize your setup:**
 - Swap the grip or stock as desired.
 - Add any additional weights, bridges, or accessories that enhance your performance.
6. **Final inspection:** Check all components for secure fitment and ensure no parts are loose.

Usage Instructions

- Before each use, inspect the rifle and chassis for any signs of wear or damage.
- Always ensure that the rifle is pointed in a safe direction when loading and unloading.
- Practice safe handling techniques, including keeping your finger off the trigger until ready to shoot.
- Familiarize yourself with the operation of the chassis and any installed accessories before heading to the range.

Disposal Instructions

- Dispose of packaging materials in accordance with local waste disposal regulations.
- When disposing of the chassis or any components, ensure they are rendered unusable to prevent misuse.
- Recycle materials wherever possible, following local recycling guidelines.
