# Safety Instruction Guide for Henry X 44 Mag Comet Brake

## Introduction

Thank you for choosing the Henry X 44 Mag Comet Brake. This product is designed to enhance your shooting experience by reducing recoil and muzzle flash. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always treat the firearm as if it is loaded.
- Ensure that the Comet Brake is compatible with your firearm's specifications.
- Never use the Comet Brake with a nonthreaded barrel.
- Always wear appropriate eye and ear protection when using firearms.
- Keep the Comet Brake and all firearm accessories out of reach of children and unauthorized users.
- Regularly inspect the Comet Brake for signs of wear or damage before each use.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure the firearm is unloaded before installing or removing the Comet Brake.
- Use only Blue Loctite for installation; do not use Red Loctite.
- Do not overtighten the Comet Brake, as it may damage the threads on the barrel.
- Be aware that the Comet Brake reduces recoil by approximately 25%, which may affect your shooting stance.
- Test the firearm in a safe and controlled environment after installation to ensure proper function.
- If you experience unusual behavior or performance issues, discontinue use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools: Blue Loctite and a wrench (if needed).

### 2. Installation:

- Identify the threaded barrel on your Henry X Series 44 Mag.
- Apply a small amount of Blue Loctite to the threads of the barrel.
- Handtighten the Comet Brake onto the barrel threads, ensuring it is aligned properly.
- Do not use excessive force; only tighten until secure.

### 3. Usage:

- After installation, check that the Comet Brake is secure.
- Use the firearm in a safe shooting environment.
- Monitor the performance and recoil reduction during use.

### 4. PostUse:

- After shooting, inspect the Comet Brake for any signs of damage or looseness.
- If any issues are detected, remove the Comet Brake and consult a qualified gunsmith.

## **Disposal Instructions**

- Dispose of the Comet Brake and any packaging materials in accordance with local regulations.
- Do not dispose of the Comet Brake in regular household waste if it is damaged or unusable; check for designated disposal facilities.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the Henry X 44 Mag Comet Brake, please refer to the product packaging for contact details. Always ensure you have the most current information regarding safety and product use.

Thank you for your attention to safety and for choosing the Henry X 44 Mag Comet Brake. Enjoy your shooting experience responsibly.
