TriggerTech ACE Glock Adjustable Trigger System - Black Flat

A New Standard for Glock Triggers.

The TriggerTech ACE isn't just an upgrade. It's a total redefinition of what your Glock can do. Born from three years of R&D, this fully modular, adjustable trigger system brings 1911-level precision to your polymer pistol — with durability, tunability, and safety built in.

Built for Control. Tuned for You. Experience a clean, crisp break with a pull weight adjustable from 2.5 to 6.0 lbs. Zero Creep Technology™ eliminates grit. CLKR™ Technology lets you fine-tune every ounce of pull. You set the take-up, break, and reset — exactly how you like it.

Full Compatibility. No Compromises. Fits Gen 1-5 standard-frame Glocks in 9mm and .40 S&W.* (*Gen 5 requires a small frame tab to be removed — see instructions.) Not compatible with Slimline models (G36, G42, G43, G48).

Three Modules. Total Freedom. Lever Module - Black Flat

Disconnect Module

Ships with a heavy lever spring installed. Includes a light spring and a reduced-weight plunger safety spring. Combine spring sets and adjust with the CLKR screw to find your perfect feel.

Engineered to Outperform. Separate sear and disconnect modules (not a one-piece connector)

True pivoting firing pin safety — no drag, no grit

Safety Without the Blade. The patented Enveloped Lever Safety™ transforms the entire trigger face into the safety. No blade. No compromise. Just a solid, consistent trigger you can trust.

ACE Trigger System for Glock Safety Instruction Guide

Introduction

Thank you for choosing the TriggerTech ACE Glock Adjustable Trigger System. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of your new trigger system. Please read this document carefully before use.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the ACE Trigger System by following all instructions provided in this guide. This product is designed for use with standardframe Glock pistols only.
- **Enhanced Recalls:** Stay informed about any product recalls. Check the EU Safety Gate platform for updates on recalls and safety notices.
- **Online Shopping:** If purchased online, ensure the seller complies with EU safety regulations.
- **Special Consumer Focus:** This product is not intended for use by individuals under the age of 18. Ensure proper supervision when used by inexperienced users.
- **EU Contact Point:** For safety inquiries, please refer to the manufacturer's contact point in the EU.
- **Rapid Alerts:** Be aware of any alerts regarding unsafe products through the Safety Gate system.

Specific Safety Precautions for Use

- **Installation Safety:** Ensure that the firearm is unloaded before beginning the installation process. Always handle firearms with care.
- **Compatibility:** This trigger system is compatible with Gen 15 standardframe Glocks in 9mm and .40 S&W. It is not compatible with Slimline models (G36, G42, G43, G48).
- **Adjustments:** Make adjustments to the trigger system only when the firearm is unloaded and pointed in a safe direction.
- **Testing:** After installation, conduct a function test in a safe environment to ensure proper operation before use in any shooting scenario.
- **Maintenance:** Regularly inspect the trigger system for wear or damage. Replace any worn parts immediately.
- **Storage:** Store the firearm and trigger system in a secure location, away from children and unauthorized users.

Instructions for Installation and Usage

Installation Instructions

1. Prepare the Firearm:

- Ensure the firearm is unloaded.
- Remove the magazine and check the chamber.

2. Remove the Existing Trigger:

- Follow the Glock manufacturer's instructions to disassemble the firearm and remove the existing trigger.

3. Install the ACE Trigger System:

- Carefully install the Lever Module and Disconnect Module according to the provided instructions.

- Ensure that all parts are securely fitted and that the safety mechanisms are properly engaged.

4. **Adjust the Trigger:**

- Adjust the pull weight using the CLKR screw to your preferred setting.
- Test the trigger feel and make further adjustments as necessary.

5. **Reassemble the Firearm:**

- Reassemble the firearm according to the manufacturer's instructions.
- Ensure all components are correctly installed and functioning.

6. **Function Test:**

- Conduct a function test to ensure the trigger operates correctly. Do this in a safe environment.

Usage Instructions

- **Safe Handling:** Always treat your Glock as if it is loaded. Keep the firearm pointed in a safe direction at all times.
- **Firing:** Use the trigger system as intended. Follow all standard firearm safety practices during use.
- **Regular Checks:** Regularly check the trigger system for any signs of wear or failure. If any issues arise, cease use immediately and consult a qualified gunsmith.

Disposal Instructions

When disposing of the ACE Trigger System, follow these guidelines:

- **Local Regulations:** Check local regulations regarding the disposal of firearm components.
- **Recycling:** If possible, recycle components according to local recycling guidelines.
- **Safe Disposal:** If the product is no longer usable, dispose of it in a way that prevents unauthorized access.

Contact Information for Further Support

For any questions or concerns regarding the ACE Trigger System, please consult the manufacturer's website or contact their customer support for assistance. Always refer to the EU Safety Gate platform for updates on safety and recalls.

By following these guidelines, you can ensure the safe and effective use of your TriggerTech ACE Glock Adjustable Trigger System. Thank you for prioritizing safety and responsible firearm use.
