

# Chassis - HNT-26 - Tikka T3/T3X - SA LH - ARCA Folding - BCF

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

For years, MDT chassis systems have dominated the world of sport and tactical shooting. But when hunters started choosing our lightweight LSS for the backcountry, we listened. The result? The MDT HNT26—our first chassis built from the ground up with hunters in mind.

The HNT26 combines cutting-edge materials with the performance features you expect: V-block bedding, adjustable length of pull and comb height, and full AICS magazine compatibility—all in an ultra-lightweight package.

The core is a precision-machined magnesium alloy base. Every touch point—forearm, grip, buttstock—is crafted from lightweight carbon fiber. The carbon construction not only cuts weight, but also eliminates the cold-metal feel during harsh conditions. Need more versatility? Choose the optional folding buttstock for compact storage or go with the integrated ARCA forend for seamless tripod mounting.

# MDT Chassis HNT26 Safety Instruction Guide

## Introduction

Thank you for choosing the MDT Chassis HNT26. This product is designed with the needs of hunters in mind, combining advanced materials and features for optimal performance. To ensure your safety and the safe use of this product, please read and follow the instructions outlined in this guide.

## General Safety Guidelines

- Always handle the MDT Chassis with care.
- Ensure the product is suitable for your firearm model before use.
- Regularly inspect your chassis for any signs of wear or damage.
- Keep the chassis out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding firearm use and storage.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Hazard Identification:** Improper handling may lead to accidental discharge or injury. The chassis may become slippery when wet; ensure a firm grip.
- **Avoiding Hazards:** Always keep the firearm pointed in a safe direction. Do not attempt to modify the chassis or its components. Ensure that the firearm is unloaded before installing or removing the chassis. Use appropriate protective gear, such as gloves and eye protection, when handling.
- **Age Specific Warnings:** This product is intended for use by individuals aged 18 and older. Ensure that inexperienced users are supervised by a knowledgeable adult.

## Instructions for Installation and Usage

- **Installation:**
  1. Ensure the firearm is unloaded and pointed in a safe direction.
  2. Remove the factory stock from the firearm according to the manufacturer's instructions.
  3. Align the MDT Chassis with the firearm's receiver.
  4. Secure the chassis using the provided screws, ensuring they are tightened to the manufacturer's specifications.
  5. Attach any additional components, such as the folding buttstock or ARCA forend, as desired.
- **Usage:**
  - Adjust the length of pull and comb height to suit your shooting style before heading to the field.
  - Regularly check the tightness of all screws and components during use.
  - If using the optional folding buttstock, ensure it locks securely in place before firing.

## Disposal Instructions

- Dispose of the MDT Chassis in accordance with local regulations.
- Do not dispose of the chassis in regular household waste.
- Consider recycling options for carbon fiber and metal components where available.

## **Contact Information for Further Support**

For any questions or concerns regarding the MDT Chassis HNT26, please refer to the manufacturer's website or contact your local dealer. Always ensure you have the latest safety information and product updates.

Thank you for your attention to these safety guidelines. Enjoy using your MDT Chassis HNT26 responsibly!
