

Ballistic Shooting Glasses - Smoke Graphite Replacement Lens

[Shooting Accessories](#) > [Ear & Eye Protection](#) > [Shooting Glasses](#)

The GTS Replacement Lenses are engineered specifically for the GTS Ballistic Shooting Glasses, allowing you to adapt your eyewear to changing light conditions without compromising protection.

Each lens is certified to EN 166 CE with a 1F impact rating, providing reliable resistance against high-speed particles and impact hazards encountered on the range or in demanding outdoor environments.

All lenses feature an advanced Revo mirror coating, a multi-layer reflective treatment applied to the outer lens surface. This coating serves multiple performance functions:

- Reduces glare in bright environments
- Reflects excess sunlight away from the eye
- Improves visual comfort during extended use
- Enhances contrast and clarity
- Minimizes eye fatigue in high-light conditions

Unlike basic tinted lenses, the Revo coating works by selectively reflecting specific wavelengths of light while allowing optimal visible light transmission. The result is sharper visual perception, improved depth awareness, and reduced strain - especially during prolonged shooting sessions in direct sunlight.

Available lens options:

- Smoke Graphite: Ideal for strong sunlight and open outdoor ranges
- Blue Mirror: Optimized for glare-heavy environments and reflective surfaces
- Bronze Mirror: Enhances contrast and definition in variable light conditions

The lenses are easy to install and allow you to quickly configure your eyewear setup for the environment at hand.

Attributes

Ballistic Shooting Glasses Safety Instructions

Introduction

Thank you for choosing the GTS Ballistic Shooting Glasses with Smoke Graphite Replacement Lens. These glasses are designed to provide optimal eye protection in various shooting environments. To ensure your safety and the best performance from your eyewear, please read and follow these safety instructions carefully.

General Safety Guidelines

- **Product Safety:** Always ensure that your ballistic glasses are in good condition before use. Inspect for any scratches, cracks, or damage that may impair visibility or protection.
- **Enhanced Recalls:** Stay informed about any product recalls or safety notices related to your ballistic glasses. Regularly check the EU's Safety Gate platform for updates.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety regulations and provides clear product descriptions.
- **Special Consumer Focus:** Keep these glasses out of reach of children and ensure they are used only by individuals who understand their proper use and limitations.
- **EU Contact Point:** For any safety inquiries regarding your product, refer to your local EU contact point for assistance.
- **Rapid Alerts:** Be aware of any rapid alerts regarding unsafe products that may affect your use of these glasses.

Specific Safety Precautions for Use

- **Proper Fit:** Ensure that the glasses fit securely on your face to provide maximum protection. Adjust the straps if necessary.
- **Use in Appropriate Conditions:** Use the glasses in environments where eye protection is necessary, such as shooting ranges or outdoor activities with potential flying debris.
- **Avoid Modifications:** Do not alter the glasses or their lenses in any way, as this may compromise their protective features.
- **Limit Exposure:** Avoid prolonged exposure to extreme temperatures or direct sunlight, which may affect the integrity of the lens coating.
- **Cleaning:** Clean the lenses with a soft, lintfree cloth and appropriate lens cleaner to maintain visibility and performance.

Instructions for Installation and Usage

- **Installing Replacement Lenses:**
 1. Hold the glasses firmly in one hand.
 2. Gently press the lens tab to release the existing lens from the frame.
 3. Take the new Smoke Graphite lens and align it with the frame.
 4. Press the lens into place until you hear a click, indicating it is securely fitted.
- **Using the Glasses:**
 1. Ensure the glasses are clean and free from obstructions.
 2. Place the glasses on your face, ensuring they sit comfortably and securely.
 3. Adjust the straps if applicable for a snug fit.
 4. Before engaging in shooting activities, doublecheck that the glasses are properly positioned and not obstructing your vision.

Disposal Instructions

- **Environmental Considerations:** Dispose of the glasses and any packaging materials in accordance with local regulations. Do not dispose of them in regular household waste if they are considered

hazardous.

- **Recycling:** Check for recycling programs in your area that accept eyewear to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of your GTS Ballistic Shooting Glasses, please refer to your local EU contact point for assistance.

By following these safety instructions, you can ensure a safer and more enjoyable experience while using your GTS Ballistic Shooting Glasses. Thank you for prioritizing safety!
