

Ballistic Shooting Glasses - Blue Mirror Replacement Lens

[Shooting Accessories](#) > [Ear & Eye Protection](#) > [Shooting Glasses](#)

The GTS Replacement Lenses are engineered specifically for the GTS Ballistic Shooting Glasses, allowing you to adapt your eyewear to changing light conditions without compromising protection.

Each lens is certified to EN 166 CE with a 1F impact rating, providing reliable resistance against high-speed particles and impact hazards encountered on the range or in demanding outdoor environments.

All lenses feature an advanced Revo mirror coating, a multi-layer reflective treatment applied to the outer lens surface. This coating serves multiple performance functions:

- Reduces glare in bright environments
- Reflects excess sunlight away from the eye
- Improves visual comfort during extended use
- Enhances contrast and clarity
- Minimizes eye fatigue in high-light conditions

Unlike basic tinted lenses, the Revo coating works by selectively reflecting specific wavelengths of light while allowing optimal visible light transmission. The result is sharper visual perception, improved depth awareness, and reduced strain - especially during prolonged shooting sessions in direct sunlight.

Available lens options:

- Smoke Graphite: Ideal for strong sunlight and open outdoor ranges
- Blue Mirror: Optimized for glare-heavy environments and reflective surfaces
- Bronze Mirror: Enhances contrast and definition in variable light conditions

The lenses are easy to install and allow you to quickly configure your eyewear setup for the environment at hand.

Attributes

- Name: [Ballistic Shooting Glasses - Blue Mirror Replacement Lens](#)
- Manufacturer: [GERMAN TACTICAL SYSTEMS](#)
- Product no.: EU2015098
- Mfr. No.: GTS-7540-BLU
- Colour: Blue
- Delivery weight: 1kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 100mm

Ballistic Shooting Glasses Safety Instruction Guide

Introduction

Thank you for choosing the GTS Ballistic Shooting Glasses. This guide provides essential safety instructions to ensure your safe use of the product. The GTS Replacement Lenses are designed for optimal performance and protection, making them suitable for various shooting environments. Please read this guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Always inspect your shooting glasses for damage before use. Do not use if lenses are cracked or scratched.
- Ensure that the glasses fit securely and comfortably to prevent them from slipping during use.
- Be aware of your surroundings and potential hazards when shooting.
- Use the glasses only for their intended purpose; they are designed for ballistic protection and should not be used for other activities.
- Keep the glasses out of reach of children to prevent accidents.

Specific Safety Precautions for Use

- **Impact Resistance:** The lenses are certified to EN 166 CE with a 1F impact rating. Always wear them when shooting to protect your eyes from high-speed particles.
- **Glare Reduction:** The advanced Revo mirror coating helps reduce glare. Use the appropriate lens option for your environment:
 - Smoke Graphite: Best for strong sunlight.
 - Blue Mirror: Ideal for glare-heavy and reflective surfaces.
 - Bronze Mirror: Enhances contrast in variable light conditions.
- **Comfort During Use:** Take regular breaks during extended shooting sessions to minimize eye fatigue.

Instructions for Installation and Usage

1. Lens Replacement:

- Carefully remove the existing lens from the frame.
- Align the new lens with the frame and press gently until it clicks into place.
- Ensure that the lens is securely fitted and does not move.

2. Wearing the Glasses:

- Place the glasses on your face and adjust the arms for a snug fit.
- Ensure the lenses cover your eyes completely and there are no gaps.

3. Cleaning the Lenses:

- Use a soft, lint-free cloth to clean the lenses.
- Avoid using harsh chemicals or abrasive materials that may scratch the lens surface.

4. Storage:

- Store your glasses in a protective case when not in use to avoid scratches and damage.
- Keep them in a cool, dry place away from direct sunlight.

Disposal Instructions

- Dispose of the product responsibly at the end of its life cycle.
- Check local regulations for proper disposal methods for eyewear and plastic materials.
- Do not throw the glasses in general waste; consider recycling options if available.

Contact Information for Further Support

For any questions regarding the safety and use of the GTS Ballistic Shooting Glasses, please refer to the manufacturer's contact details provided with the product packaging.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your GTS Ballistic Shooting Glasses. Always prioritize safety and be aware of your surroundings while shooting. Thank you for choosing our product, and we wish you safe shooting!
