

4-16x56 Polar T96 - 4-16x56 Polar T96 P 1.FP P4FL 1cm ccw BDC II LT / BDC II LT

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The 4-16x56 Polar T96 delivers uncompromising performance even in the fading light of day. With up to 16× magnification, it excels in both long-range hunting and precision sport shooting, while its exceptional light transmission of 96 % ensures clear visibility and razor-sharp detail when it matters most.

Equipped with a first focal plane (FFP) reticle, the scope maintains a consistent scale at any magnification. Versions with parallax adjustment either fixed at 100 m or adjustable from 30 m provide maximum flexibility for a wide range of applications — from hunting to target shooting.

The Posicon CT turret system offers clear, reliable click feedback and long-term durability, while an optional ballistic turret (ASV) allows for precise, customized ballistic compensation for advanced users.

Key Specifications:

Magnification: 4-16×

Objective Lens Diameter: 56 mm

Main Tube Diameter: 34 mm

Length: 386 mm

Weight: 810 g

Click Value: 1 cm / 100 m

Handcrafted in Germany with meticulous precision, the 4-16x56 Polar T96 stands as a benchmark for high-performance optics. Designed for demanding marksmen and hunters, it guarantees absolute reliability, exceptional clarity, and peak optical performance — from dawn's first light to dusk's final shot.

4-16x56 Polar T96 Safety Instruction Guide

Introduction

Thank you for choosing the 4-16x56 Polar T96. This product is designed to provide you with highperformance optics for hunting and precision shooting. To ensure your safety and the proper use of this product, please read and follow the guidelines outlined in this instruction guide.

General Safety Guidelines

- **Product Safety:** This product is designed to be safe for use. However, it is important to follow all safety instructions to avoid potential risks.
- **Enhanced Recalls:** In the event of a safety issue, recall notices will be provided. Please stay informed about any recalls related to this product.
- **Online Shopping:** If purchased online, ensure that the platform complies with safety standards similar to physical stores.
- **Special Consumer Focus:** Extra care should be taken when using this product around children or vulnerable individuals.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point associated with this product.
- **Rapid Alerts:** Stay updated on product safety through the EU Safety Gate system.

Specific Safety Precautions for Use

- **Avoid Eye Exposure:** Do not look directly at the sun or other bright light sources through the scope, as this may cause serious eye damage.
- **Secure Mounting:** Ensure that the scope is securely mounted to the rifle to prevent it from coming loose during use.
- **Proper Handling:** Always treat the scope and rifle as if they are loaded. Keep the muzzle pointed in a safe direction.
- **Temperature Extremes:** Avoid exposing the scope to extreme temperatures, as this may affect its performance.
- **Moisture Protection:** Do not expose the scope to excessive moisture or water to maintain its integrity and function.
- **Child Safety:** Keep the product out of reach of children to prevent accidental misuse.

Instructions for Installation and Usage

1. Mounting the Scope:

- Select a suitable mounting base for your rifle.
- Secure the scope rings onto the base, ensuring they are tight and stable.
- Place the scope into the rings and adjust its position for optimal eye relief.
- Tighten the scope rings evenly to avoid misalignment.

2. Adjusting the Reticle:

- Use the Posicon CT turret system to make windage and elevation adjustments.
- Click the turrets in the desired direction to zero the scope according to your shooting requirements.

3. Using the Scope:

- Set the magnification to your preferred level (4x to 16x) using the magnification ring.

- Look through the eyepiece and adjust the focus if necessary.
- Use the parallax adjustment feature if applicable to ensure a clear image at your shooting distance.

4. **Cleaning and Maintenance:**

- Regularly clean the lenses with a soft, lintfree cloth.
- Use lens cleaning solution if necessary, but avoid harsh chemicals.
- Inspect the scope periodically for any signs of damage or wear.

Disposal Instructions

- **Environmental Considerations:** Dispose of the product in accordance with local regulations. Do not dispose of it in regular household waste.
- **Recycling:** If possible, recycle components of the scope, such as metal and glass, to minimize environmental impact.

Contact Information for Further Support

For any further assistance or inquiries regarding the 4-16x56 Polar T96, please refer to the designated contact point provided with your product packaging or documentation.

Thank you for your attention to these safety instructions. Enjoy your experience with the 4-16x56 Polar T96, and always prioritize safety while using this product.
