

4-16x56 Polar T96 - 4-16x56 Polar T96 P 1.FP P4FL 1cm ccw BDC II-B LT / BDC II LT

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The 4-16x56 Polar T96 delivers uncompromising performance even in the fading light of day. With up to 16× magnification, it excels in both long-range hunting and precision sport shooting, while its exceptional light transmission of 96 % ensures clear visibility and razor-sharp detail when it matters most.

Equipped with a first focal plane (FFP) reticle, the scope maintains a consistent scale at any magnification. Versions with parallax adjustment either fixed at 100 m or adjustable from 30 m provide maximum flexibility for a wide range of applications — from hunting to target shooting.

The Posicon CT turret system offers clear, reliable click feedback and long-term durability, while an optional ballistic turret (ASV) allows for precise, customized ballistic compensation for advanced users.

Key Specifications:

Magnification: 4-16×

Objective Lens Diameter: 56 mm

Main Tube Diameter: 34 mm

Length: 386 mm

Weight: 810 g

Click Value: 1 cm / 100 m

Handcrafted in Germany with meticulous precision, the 4-16x56 Polar T96 stands as a benchmark for high-performance optics. Designed for demanding marksmen and hunters, it guarantees absolute reliability, exceptional clarity, and peak optical performance — from dawn's first light to dusk's final shot.

Safety Instruction Guide for 4-16x56 Polar T96 Rifle Scope

Introduction

Thank you for choosing the 4-16x56 Polar T96 Rifle Scope. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this guide carefully before using the scope to maximize your safety and performance.

General Safety Guidelines

- Ensure that the product is used in accordance with all applicable laws and regulations.
- Always handle the rifle scope with care to prevent damage.
- Keep the scope out of reach of children and vulnerable individuals.
- Regularly inspect the scope for any signs of wear or damage before use.
- Do not use the scope if it is damaged or malfunctioning.
- Always wear appropriate eye protection when using firearms equipped with this scope.

Specific Safety Precautions for Use

- **Magnification Use:** Be cautious when adjusting the magnification. Sudden changes in magnification can affect your aim.
- **Light Conditions:** Avoid using the scope in conditions where visibility is extremely low, as this may impair accuracy.
- **Parallax Adjustment:** Ensure that the parallax adjustment is set correctly for your distance to avoid misalignment.
- **Ballistic Turret Use:** If using the ballistic turret, ensure that you understand how to set it up for your specific ammunition and shooting conditions.
- **Storage:** Store the scope in a dry, cool place when not in use to prevent moisture damage.

Instructions for Installation and Usage

1. Installation:

- Mount the scope securely on your rifle using the appropriate rings and bases.
- Ensure that the scope is level and aligned with the rifle barrel.
- Tighten all mounting screws to the manufacturer's specifications.

2. Usage:

- Before aiming, ensure that the rifle is pointed in a safe direction.
- Adjust the eyepiece for clarity and comfort.
- Use the zoom function to achieve the desired magnification while keeping the target in focus.
- Make any necessary adjustments to the turrets for windage and elevation based on your shooting conditions.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the scope with regular household waste.
- Consider recycling options for the materials used in the scope.

Contact Information for Further Support

For any inquiries regarding safety, usage, or concerns about the 4-16x56 Polar T96 Rifle Scope, please contact your local authorized dealer or the manufacturer directly. Ensure you have your product details ready for efficient assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your 4-16x56 Polar T96 Rifle Scope. Thank you for your attention to safety.
