

4-16x50 Klassik - 4-16x50 Klassik LM P3 0,5cm cw Klassik CT / Klassik CT

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The 4-16×50 Klassik from Schmidt and Bender is a high-performance riflescope tailored for serious hunters and marksmen who demand clarity, precision and flexibility in long-range engagements. Featuring a generous magnification range of 4-16× and a 50 mm objective lens, it excels in delivering bright, detailed imaging even in challenging light conditions.

Equipped with a first focal plane (FFP) reticle, the hold points remain accurate across the full zoom spectrum—ensuring reliable shot placement whether at medium or extended distances. The 90 mm eye relief offers comfortable mounting and rapid target acquisition, and the optically refined design supports swift engagement when precision counts.

One of the standout features of the 4-16×50 Klassik is its turret system offering a 0.5 cm click value at 100 m in selected configurations—perfect for finely tuned elevation adjustments at long range. The variable parallax adjustment (from 50 m) enhances accuracy across distance, ensuring optimal performance in varied hunting setups.

Key Specifications:

Magnification: 4-16×

Objective Lens Diameter: 50 mm

Eye Relief: 90 mm

Click Value: 0.5 cm @100 m (depending on configuration)

Field of View: approx. 8.3-2.5 m @100 m

Exit Pupil: approx. 12.5-3.1 mm

Tube Diameter: 30 mm

Crafted with German precision, the 4-16×50 Klassik combines premium optics, robust mechanical design and versatile performance. It is the ideal choice for hunters and dynamic shooters who demand reliability, clarity and adaptability across a broad range of operational distances.

Safety Instruction Guide for the 4-16x50 Klassik Riflescope

Introduction

Thank you for choosing the 4-16x50 Klassik Riflescope from Schmidt and Bender. This guide provides essential safety instructions to ensure the safe and effective use of your riflescope. Please read this document carefully to understand the safety measures and best practices for using your product.

General Safety Guidelines

- **Product Safety:** Always ensure that your riflescope is used as intended. Familiarize yourself with the scope's features and limitations to prevent accidents.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to your product. You can find updates on the EU's Safety Gate platform.
- **Online Shopping:** If you purchased this product online, ensure that the seller meets all safety requirements.
- **Special Consumer Focus:** This product is not intended for children. Keep it out of reach to prevent accidents.
- **EU Contact Point:** For any safety inquiries, please refer to the manufacturer's contact information provided with the product.
- **Rapid Alerts:** Report any unsafe conditions or accidents to the relevant authorities immediately.

Specific Safety Precautions for Use

- **Handling:** Always handle the riflescope with care. Avoid dropping or subjecting it to strong impacts.
- **Mounting:** Ensure the riflescope is securely mounted to your firearm before use. A loose scope can lead to inaccurate shooting and potential accidents.
- **Eye Protection:** Always use appropriate eye protection when using firearms equipped with this riflescope.
- **Environmental Conditions:** Avoid using the riflescope in extreme weather conditions (heavy rain, snow, or fog) that may impair visibility.
- **Magnification Use:** Be aware of your surroundings when adjusting the magnification. Sudden changes in magnification can affect your view and lead to misjudgment.
- **Target Identification:** Always positively identify your target before firing. Never shoot at unidentified objects or sounds.

Instructions for Installation and Usage

1. Installation:

- Use a compatible mounting system designed for your firearm.
- Follow the manufacturer's instructions for mounting the riflescope securely.
- Ensure the scope is level and aligned with the barrel of the firearm.

2. Adjustment:

- Familiarize yourself with the turret system. Adjust the elevation and windage settings as needed for accurate shooting.
- Use the 0.5 cm click value for precise adjustments at 100 m.

3. Usage:

- Adjust the magnification according to your shooting distance (4-16x).
- Use the parallax adjustment to enhance accuracy at varying distances.
- Maintain a proper shooting stance and ensure a firm grip on the firearm.

4. Maintenance:

- Regularly clean the lenses with a soft, lintfree cloth to maintain clarity.
- Store the riflescope in a dry, cool place when not in use.
- Inspect the scope periodically for any signs of damage or wear.

Disposal Instructions

- Dispose of the riflescope in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer functional, contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use and safety of your 4-16x50 Klassik Riflescope, please refer to the manufacturer's contact information provided with your product.

Thank you for choosing Schmidt and Bender. We wish you safe and successful shooting experiences!
