[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The 1-8x24 PM II ShortDot Dual CC is a premium multipurpose riflescope designed to bridge ultra-fast close-quarters engagement and precision mid-range shooting. With a full 1-8x magnification range, it integrates both a high-visibility red-dot sight for rapid acquisition and a tactical reticle for comprehensive zoom usage.

Key Features and Highlights

Dual focal plane system: Combines a daylight-visible red dot in the second focal plane (SFP) with a tactical reticle in the first focal plane (FFP) for consistent hold-points across the zoom range.

Patented Close-Combat Mode (CC-Mode): When set at 1x magnification the parallax is fixed at approx. 7 m for true parallax-free shooting at close range; above ~1.1x it transitions to ~100 m enabling accurate mid-range engagement.

Large exit pupil and generous eye relief: Optimized for fast, intuitive use in dynamic or static shooting scenarios—providing comfortable alignment whether standing, kneeling or prone.

Compact and rugged design: With a 30 mm main tube diameter, length of approx. 293 mm and weight of approx. 635-650 g depending on configuration, this scope is built to handle extreme conditions—including low temperatures and high recoil/shock.

High optical quality: Field of view spans roughly 35.3-4.9 m at 100 m across the zoom range, offering wide situational awareness at low magnification and refined detail at higher zoom.

Precision mechanics: Turrets are ultra-low profile, lockable, extremely durable and designed for exacting use in tactical or competition environments.

Typical Specifications

Magnification: 1-8x

Focal Plane: Dual (1st and 2nd)

Parallax: CC-Mode ~7 m; Standard Mode ~100 m (optional up to ~300 m)

Field of View: ~35.3-4.9 m @100 m

Exit Pupil: ~9.8-3.0 mm

Eye Relief: ~90 mm

Tube Diameter: 30 mm

Length: ~293 mm

Weight: ~635-650 g

Attributes

- Name: [1-8x24 PM II ShortDot Dual CC MDR-T6 1cm ccw ST MTC LT / ST ZC LT](#)
- Manufacturer: [SCHMIDT U. BENDER](#)
- Product no.: EU2015742

NO IMAGE
AVAILABLE

- Mfr. No.: 683-811-43E-K2-H2
- Colour: Black
- Delivery weight: 2kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 450mm

Safety Instruction Guide for 1-8x24 PM II ShortDot Dual CC Riflescope

Introduction

Thank you for choosing the 1-8x24 PM II ShortDot Dual CC Riflescope. This guide provides important safety instructions to ensure the safe and effective use of your riflescope. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure safe usage of the riflescope in accordance with the EU General Product Safety Regulation (GPSR).
- Be aware of potential hazards associated with the use of optical devices, including eye strain and improper handling.
- Keep the riflescope out of reach of children and vulnerable individuals.
- Always check for updates on product recalls and safety notices via the EU Safety Gate platform.

Specific Safety Precautions for Use

- **Eye Protection:** Always wear appropriate eye protection when using the riflescope to prevent injury from recoil or debris.
- **Handling:** Handle the riflescope with care to avoid dropping or damaging it. Ensure it is securely mounted on your firearm.
- **Environmental Conditions:** Avoid using the riflescope in extreme weather conditions that may affect its performance or safety.
- **Maintenance:** Regularly inspect the riflescope for any signs of damage or wear. Do not use if any parts are damaged.
- **Training:** Ensure that you are trained in the safe handling and operation of firearms before using this riflescope.

Instructions for Installation and Usage

1. Mounting the Riflescope:

- Select a suitable mounting base compatible with your firearm.
- Securely attach the riflescope to the base, ensuring it is level and properly aligned.
- Tighten all mounting screws to the manufacturer's specifications.

2. Adjusting the Settings:

- Set the magnification to your desired level, ranging from 1x to 8x.
- Adjust the parallax setting according to the mode of use (CCMode for close range or Standard Mode for midrange).
- Ensure the reticle is visible and properly aligned before use.

3. Using the Riflescope:

- Position yourself in a stable shooting stance, whether standing, kneeling, or prone.
- Look through the eyepiece and adjust your position for a clear sight picture.
- Use the tactical reticle for precision aiming and the red dot for rapid target acquisition.

4. PostUse Care:

- Clean the lenses with a soft, lintfree cloth to avoid scratches.
- Store the riflescope in a protective case when not in use to prevent damage.

Disposal Instructions

- Dispose of the riflescope in accordance with local regulations regarding electronic waste and optical devices.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or additional support regarding the 1-8x24 PM II ShortDot Dual CC Riflescope, please refer to the manufacturer's contact information provided with the product packaging.

Thank you for prioritizing safety while using your riflescope. Enjoy your shooting experience responsibly!
