

3-20x50 PM II Ultra Short - 3-20x50 PM II Ultra Short LP TREMOR3 1cm cw DT35 MTC LT / ST ZC CT

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The 3-20×50 PM II Ultra Short from Schmidt and Bender is a compact yet powerful riflescope engineered for high-performance engagements across medium to long distances. With its 3–20× magnification range and a 50 mm objective lens, it offers outstanding optical clarity and flexibility in a streamlined form factor.

Constructed around a robust 34 mm main tube, it maintains a length of approximately 340 mm and weighs around 900 g, striking an excellent balance between size and performance—ideal for mounting on compact platforms without compromising optics.

Its field of view spans roughly 13.0–2.1 m at 100 m, providing broad situational awareness at lower magnification and refined detail at the high end. The exit pupil ranges around 11.4–2.5 mm, and the eye relief is approximately 90 mm, supporting comfortable shooting in varied positions while maintaining strong light-gathering even as light fades.

Advanced features include first focal plane (FFP) illuminated reticle options, side parallax adjustment (from approx. 25 m to infinity), and a low-profile elevation turret optimized for tactical precision.

Key Specifications:

Magnification: 3–20×
Objective Lens Diameter: 50 mm
Main Tube Diameter: 34 mm
Field of View: approx. 13.0–2.1 m @100 m
Exit Pupil: approx. 11.4–2.5 mm
Eye Relief: approx. 90 mm
Length: approx. 340 mm
Weight: approx. 900 g

With precision optics, compact build, and rugged mechanical design, the 3-20×50 PM II Ultra Short is built for serious shooters who demand premium performance in a versatile package.

Attributes

Safety Instruction Guide for 3-20x50 PM II Ultra Short

Introduction

Thank you for choosing the 3-20x50 PM II Ultra Short by Schmidt and Bender. This guide provides essential safety instructions to ensure the safe and effective use of your riflescope. Please read this manual carefully to understand how to operate and maintain the product safely.

General Safety Guidelines

- **Product Safety:** Always ensure the riflescope is used as intended and follow all safety guidelines to prevent accidents.
- **Enhanced Recalls:** Stay informed about any product recalls. If you receive a recall notice, follow the instructions provided.
- **Online Shopping:** When purchasing online, ensure the retailer complies with safety regulations and provides clear product information.
- **Special Consumer Focus:** This product is not intended for use by children. Always store it out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by the retailer or manufacturer.
- **Rapid Alerts:** Regularly check the EU Safety Gate platform for updates on product safety and recalls.

Specific Safety Precautions for Use

- **Eye Protection:** Always wear appropriate eye protection when using the riflescope to prevent injury from recoil or debris.
- **Handling:** Handle the riflescope with care to avoid dropping or damaging it. Ensure it is securely mounted to the firearm.
- **Environmental Conditions:** Avoid using the riflescope in extreme weather conditions, such as heavy rain or fog, which may impair visibility.
- **Maintenance:** Regularly inspect the riflescope for any signs of damage or wear. Do not use if any parts are damaged.
- **Storage:** Store the riflescope in a dry, cool place, away from direct sunlight and extreme temperatures.

Instructions for Installation and Usage

- **Installation:**

1. Ensure the firearm is unloaded before attaching the riflescope.
2. Select an appropriate mounting base and rings compatible with the 34 mm main tube.
3. Securely attach the riflescope to the firearm, ensuring proper alignment.
4. Tighten all screws and bolts according to the manufacturer's specifications.

- **Usage:**

1. Adjust the magnification to your desired level, ranging from 3x to 20x, based on your shooting requirements.
2. Use the side parallax adjustment to set the focus based on the distance to your target (from approx. 25 m to infinity).
3. Ensure the illuminated reticle is activated if needed, and adjust the brightness to suit the lighting conditions.
4. Maintain a proper shooting position, ensuring a comfortable eye relief of approximately 90 mm.

- **PostUsage Care:**

1. Clean the lenses with a soft, lintfree cloth to remove dust and fingerprints.
2. Store the riflescope in its protective case when not in use to prevent damage.

Disposal Instructions

- **Disposal of the Product:** When the riflescope reaches the end of its life cycle, dispose of it in accordance with local regulations regarding electronic waste and hazardous materials.
- **Batteries:** If the riflescope uses batteries, ensure they are removed and disposed of properly at designated recycling centers.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of your 3-20x50 PM II Ultra Short riflescope, please refer to the contact information provided by the retailer or manufacturer. Always ensure you are using the latest information and guidelines available.

By following these safety instructions, you can ensure a safe and enjoyable experience with your 3-20x50 PM II Ultra Short riflescope. Thank you for your attention to safety!
