

3-20x50 PM II Ultra Short - 3-20x50 PM II Ultra Short LP MSR2 1cm ccw DT II+ MTC LT / ST II ZC LT

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The 3-20×50 PM II Ultra Short from Schmidt and Bender is a compact yet powerful riflescope engineered for high-performance engagements across medium to long distances. With its 3–20× magnification range and a 50 mm objective lens, it offers outstanding optical clarity and flexibility in a streamlined form factor.

Constructed around a robust 34 mm main tube, it maintains a length of approximately 340 mm and weighs around 900 g, striking an excellent balance between size and performance—ideal for mounting on compact platforms without compromising optics.

Its field of view spans roughly 13.0–2.1 m at 100 m, providing broad situational awareness at lower magnification and refined detail at the high end. The exit pupil ranges around 11.4–2.5 mm, and the eye relief is approximately 90 mm, supporting comfortable shooting in varied positions while maintaining strong light-gathering even as light fades.

Advanced features include first focal plane (FFP) illuminated reticle options, side parallax adjustment (from approx. 25 m to infinity), and a low-profile elevation turret optimized for tactical precision.

Key Specifications:

Magnification: 3–20×
Objective Lens Diameter: 50 mm
Main Tube Diameter: 34 mm
Field of View: approx. 13.0–2.1 m @100 m
Exit Pupil: approx. 11.4–2.5 mm
Eye Relief: approx. 90 mm
Length: approx. 340 mm
Weight: approx. 900 g

With precision optics, compact build, and rugged mechanical design, the 3-20×50 PM II Ultra Short is built for serious shooters who demand premium performance in a versatile package.

Attributes

- Name: [3-20x50 PM II Ultra Short LP MSR2 1cm ccw DT II+ MTC LT / ST II ZC LT](#)

Safety Instruction Guide for the 3-20x50 PM II Ultra Short Riflescope

Introduction

Thank you for choosing the 3-20x50 PM II Ultra Short Riflescope by Schmidt and Bender. This guide provides essential safety instructions and information to ensure the safe and effective use of your riflescope. Please read this guide carefully before use and keep it for future reference.

General Safety Guidelines

- Always handle your riflescope with care to avoid damage.
- Ensure that the riflescope is mounted securely to your firearm before use.
- Use the riflescope only for its intended purpose—aiming and shooting.
- Keep the riflescope out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure a safe shooting environment.
- Regularly inspect the riflescope for any signs of wear or damage.
- Do not attempt to disassemble or modify the riflescope.

Specific Safety Precautions for Use

- Avoid looking directly at the sun through the riflescope, as it may cause permanent eye damage.
- Ensure that the riflescope is adjusted properly for your eyesight before shooting.
- Use appropriate eye protection while using the riflescope.
- Be mindful of recoil and ensure a secure shooting position to prevent injury.
- Do not use the riflescope in adverse weather conditions that may impair visibility or safety.
- Always follow local laws and regulations regarding the use of firearms and scopes.

Instructions for Installation and Usage

Installation

1. Ensure your firearm is unloaded and pointed in a safe direction.
2. Select a mounting location for the riflescope on the firearm that allows for optimal eye relief and comfort.
3. Securely attach the riflescope to the firearm using the provided mounting rings and base.
4. Tighten all screws and bolts according to the manufacturer's specifications to prevent loosening during use.

Usage

1. Adjust the magnification by rotating the magnification ring to your desired level (3x to 20x).
2. Set the parallax adjustment to match the distance of your target (from approx. 25 m to infinity).
3. Use the elevation turret to adjust for bullet drop and windage as needed.
4. Ensure the illuminated reticle is activated as per your preference for visibility in varying light conditions.
5. Take your time to align your shot and maintain a steady aim before firing.

Disposal Instructions

- Dispose of the riflescope in accordance with local regulations for electronic waste.
- Do not dispose of the riflescope in regular household waste.
- If the riflescope is damaged or no longer usable, contact a local recycling center for proper disposal options.

Contact Information for Further Support

For any safety inquiries or concerns regarding your 3-20x50 PM II Ultra Short Riflescope, please refer to the provided contact information in your product packaging or visit the manufacturer's website for more details.

Conclusion

By following the guidelines and instructions outlined in this safety instruction guide, you can ensure the safe and effective use of your 3-20x50 PM II Ultra Short Riflescope. Always prioritize safety and responsible use while enjoying your shooting experience. Thank you for your attention to these important safety measures.
