

3-20x50 PM II Ultra Short - 3-20x50 PM II Ultra Short LP MSR2 1cm ccw DT27 MTC LT / ST ZC CT RAL 8000

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The 3-20×50 PM II Ultra Short from Schmidt and Bender is a compact yet powerful riflescope engineered for high-performance engagements across medium to long distances. With its 3–20× magnification range and a 50 mm objective lens, it offers outstanding optical clarity and flexibility in a streamlined form factor.

Constructed around a robust 34 mm main tube, it maintains a length of approximately 340 mm and weighs around 900 g, striking an excellent balance between size and performance—ideal for mounting on compact platforms without compromising optics.

Its field of view spans roughly 13.0–2.1 m at 100 m, providing broad situational awareness at lower magnification and refined detail at the high end. The exit pupil ranges around 11.4–2.5 mm, and the eye relief is approximately 90 mm, supporting comfortable shooting in varied positions while maintaining strong light-gathering even as light fades.

Advanced features include first focal plane (FFP) illuminated reticle options, side parallax adjustment (from approx. 25 m to infinity), and a low-profile elevation turret optimized for tactical precision.

Key Specifications:

Magnification: 3–20×
Objective Lens Diameter: 50 mm
Main Tube Diameter: 34 mm
Field of View: approx. 13.0–2.1 m @100 m
Exit Pupil: approx. 11.4–2.5 mm
Eye Relief: approx. 90 mm
Length: approx. 340 mm
Weight: approx. 900 g

With precision optics, compact build, and rugged mechanical design, the 3-20×50 PM II Ultra Short is built for serious shooters who demand premium performance in a versatile package.

Safety Instruction Guide for the 3-20x50 PM II Ultra Short Riflescope

Introduction

Thank you for choosing the 3-20x50 PM II Ultra Short Riflescope from Schmidt and Bender. This guide provides essential safety instructions to ensure the safe and effective use of your riflescope. Please read this manual thoroughly before use to familiarize yourself with important safety information and operational procedures.

General Safety Guidelines

- **Product Safety:** This riflescope is designed for safe use in accordance with EU safety regulations. Ensure that you follow all safety instructions to minimize risks.
- **Enhanced Recalls:** In the unlikely event of a product recall, you will be notified through standardized recall notices. Please ensure that you stay informed about any recalls related to this product.
- **Online Shopping:** If you purchase this product online, know that you are entitled to the same safety protections as if you bought it in a physical store.
- **Special Consumer Focus:** Extra precautions should be taken if the product is used by vulnerable groups, such as children. Always supervise their use.
- **EU Contact Point:** For any safety inquiries, refer to the EU-based contact point provided by the retailer.
- **Rapid Alerts:** Stay informed about any unsafe products by checking the EU's Safety Gate platform for rapid alerts.

Specific Safety Precautions for Use

- **Handling:** Always handle the riflescope with care. Avoid dropping or impacting it against hard surfaces.
- **Mounting:** Ensure that the riflescope is securely mounted to the firearm according to the manufacturer's instructions. A loose mount can lead to misalignment and unsafe shooting conditions.
- **Use in Appropriate Conditions:** Do not use the riflescope in extreme weather conditions that may impair visibility or damage the device, such as heavy rain or snow.
- **Eye Protection:** Always wear appropriate eye protection when using the riflescope to prevent injury from potential recoil or debris.
- **Storage:** Store the riflescope in a dry place, away from direct sunlight and extreme temperatures to maintain its performance and longevity.
- **Children and Pets:** Keep the riflescope out of reach of children and pets when not in use to prevent accidents or damage.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded before mounting the riflescope.
- Select a suitable mounting base compatible with the 34 mm main tube of the riflescope.
- Securely attach the riflescope to the firearm using the provided mounting hardware, ensuring it is aligned correctly.
- Check for tightness and stability before use.

2. Usage:

- Adjust the magnification by rotating the magnification ring to the desired setting (3-20x).
- Use the side parallax adjustment to set the focus according to the distance of your target (from approx. 25 m to infinity).
- Ensure the illuminated reticle is functioning correctly before use. Adjust brightness as needed for

optimal visibility.

- Maintain a proper shooting position to ensure a steady aim and effective use of the riflescope.

Disposal Instructions

- Dispose of the riflescope according to local regulations for electronic waste. Do not dispose of it in regular household waste.
- If the product is damaged or no longer usable, contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use or safety of the 3-20x50 PM II Ultra Short Riflescope, please refer to the retailer from which you purchased the product. They will provide you with the necessary support and information.

By adhering to these safety guidelines, you can ensure a safe and enjoyable experience with your 3-20x50 PM II Ultra Short Riflescope. Thank you for your attention to safety!
