

# 3-20x50 PM II Ultra Short - 3-20x50 PM II Ultra Short LP TR<sup>2</sup>ID 1cm ccw DT27 MTC LT / ST ZC CT RAL 8000

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The 3-20×50 PM II Ultra Short from Schmidt and Bender is a compact yet powerful riflescope engineered for high-performance engagements across medium to long distances. With its 3–20× magnification range and a 50 mm objective lens, it offers outstanding optical clarity and flexibility in a streamlined form factor.

Constructed around a robust 34 mm main tube, it maintains a length of approximately 340 mm and weighs around 900 g, striking an excellent balance between size and performance—ideal for mounting on compact platforms without compromising optics.

Its field of view spans roughly 13.0–2.1 m at 100 m, providing broad situational awareness at lower magnification and refined detail at the high end. The exit pupil ranges around 11.4–2.5 mm, and the eye relief is approximately 90 mm, supporting comfortable shooting in varied positions while maintaining strong light-gathering even as light fades.

Advanced features include first focal plane (FFP) illuminated reticle options, side parallax adjustment (from approx. 25 m to infinity), and a low-profile elevation turret optimized for tactical precision.

Key Specifications:

Magnification: 3–20×  
Objective Lens Diameter: 50 mm  
Main Tube Diameter: 34 mm  
Field of View: approx. 13.0–2.1 m @100 m  
Exit Pupil: approx. 11.4–2.5 mm  
Eye Relief: approx. 90 mm  
Length: approx. 340 mm  
Weight: approx. 900 g

With precision optics, compact build, and rugged mechanical design, the 3-20×50 PM II Ultra Short is built for serious shooters who demand premium performance in a versatile package.

## Attributes

- Name: [3-20x50 PM II Ultra Short LP TR<sup>2</sup>ID 1cm ccw DT27 MTC LT / ST ZC CT RAL 8000](#)
- Manufacturer: [SCHMIDT U. BENDER](#)
- Product no.: EU2015794
- Mfr. No.: 667-945-432-G8-E8
- Colour: FDE
- Delivery weight: 2kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 450mm

# Safety Instruction Guide for the 3-20x50 PM II Ultra Short Riflescope

## Introduction

Thank you for choosing the 3-20x50 PM II Ultra Short Riflescope from Schmidt and Bender. This guide provides important safety information and instructions for the proper use of your riflescope. Please read this guide carefully to ensure safe handling and operation.

## General Safety Guidelines

- Always treat the riflescope as if it is loaded.
- Keep the riflescope out of reach of children and unauthorized users.
- Use the riflescope only for its intended purpose.
- Regularly inspect the riflescope for any signs of damage or wear.
- Do not modify the riflescope in any way.
- Ensure that you are familiar with local laws and regulations regarding the use of riflescopes.

## Specific Safety Precautions for Use

- *Eye Protection:* Always wear appropriate eye protection when using the riflescope.
- *Shooting Environment:* Ensure a safe shooting environment, free from obstructions and bystanders.
- *Mounting:* Follow the manufacturer's instructions for proper mounting to avoid misalignment and ensure accuracy.
- *Adjustment:* Make adjustments to the scope only when the firearm is pointed in a safe direction.
- *Parallax Adjustment:* Use the side parallax adjustment feature to ensure accuracy, especially at varying distances.
- *Illuminated Reticle:* Be cautious when using the illuminated reticle feature; avoid looking directly at bright light sources.

## Instructions for Installation and Usage

### 1. Installation

- Ensure you have all necessary tools before beginning installation.
- Mount the riflescope to the firearm following the manufacturer's instructions.
- Verify that the riflescope is securely attached and aligned correctly.

### 2. Usage

- Before using the riflescope, ensure that the firearm is unloaded and pointed in a safe direction.
- Adjust the magnification to the desired level for your shooting conditions.
- Use the field of view feature to maintain situational awareness.
- Regularly check the eye relief to ensure comfort during use.

## Disposal Instructions

- Dispose of the riflescope according to local regulations.
- Do not throw the riflescope in regular trash; consider recycling options where available.
- Remove batteries from illuminated reticle scopes before disposal to prevent environmental contamination.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the 3-20x50 PM II Ultra Short Riflescope, please refer to the manufacturer's website or contact their customer support team.

## **Conclusion**

By following these safety instructions, you can ensure a safe and enjoyable experience with your 3-20x50 PM II Ultra Short Riflescope. Always prioritize safety and responsibility when handling firearms and related equipment.
