

3-20x50 PM II Ultra Short - 5-20x50 PM II Ultra Short LPI P4FL 1cm ccw DT27 MTC LT / ST ZC CT RAL 8000

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The 3-20×50 PM II Ultra Short from Schmidt and Bender is a compact yet powerful riflescope engineered for high-performance engagements across medium to long distances. With its 3–20× magnification range and a 50 mm objective lens, it offers outstanding optical clarity and flexibility in a streamlined form factor.

Constructed around a robust 34 mm main tube, it maintains a length of approximately 340 mm and weighs around 900 g, striking an excellent balance between size and performance—ideal for mounting on compact platforms without compromising optics.

Its field of view spans roughly 13.0–2.1 m at 100 m, providing broad situational awareness at lower magnification and refined detail at the high end. The exit pupil ranges around 11.4–2.5 mm, and the eye relief is approximately 90 mm, supporting comfortable shooting in varied positions while maintaining strong light-gathering even as light fades.

Advanced features include first focal plane (FFP) illuminated reticle options, side parallax adjustment (from approx. 25 m to infinity), and a low-profile elevation turret optimized for tactical precision.

Key Specifications:

Magnification: 3–20×
Objective Lens Diameter: 50 mm
Main Tube Diameter: 34 mm
Field of View: approx. 13.0–2.1 m @100 m
Exit Pupil: approx. 11.4–2.5 mm
Eye Relief: approx. 90 mm
Length: approx. 340 mm
Weight: approx. 900 g

With precision optics, compact build, and rugged mechanical design, the 3-20×50 PM II Ultra Short is built for serious shooters who demand premium performance in a versatile package.

Attributes

Safety Instruction Guide for the 3-20x50 PM II Ultra Short Riflescope

Introduction

Thank you for choosing the 3-20x50 PM II Ultra Short Riflescope from Schmidt and Bender. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read this document carefully before using the riflescope to understand how to maximize its performance while minimizing potential risks.

General Safety Guidelines

- Ensure the riflescope is used only for its intended purpose.
- Always handle the riflescope with care to avoid damage.
- Keep the riflescope out of reach of children and vulnerable individuals.
- Regularly inspect the riflescope for any signs of damage or wear.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls and safety updates via the EU Safety Gate platform.

Specific Safety Precautions for Use

- **Eye Protection:** Always wear appropriate eye protection when using the riflescope to prevent injury from recoil or debris.
- **Mounting:** Ensure the riflescope is securely mounted to your firearm to avoid accidents or misalignment during use.
- **Adjustments:** Make adjustments to the magnification and parallax settings only when the firearm is pointed in a safe direction.
- **Cleaning:** Use only recommended cleaning materials to avoid damaging the lenses or coatings.
- **Weather Conditions:** Avoid using the riflescope in extreme weather conditions that may affect its performance or safety.

Instructions for Installation and Usage

1. Installation:

- Choose a suitable firearm that is compatible with the 3-20x50 PM II Ultra Short.
- Securely mount the riflescope on the firearm using the appropriate rings and bases.
- Ensure the riflescope is level and aligned with the barrel for accurate targeting.
- Tighten all mounting screws to the manufacturer's specifications.

2. Usage:

- Adjust the magnification by rotating the magnification ring to the desired setting.
- Set the parallax adjustment knob according to the distance of your target, ranging from approximately 25 m to infinity.
- Check the eye relief by positioning your eye at the recommended distance of approximately 90 mm from the ocular lens.
- Use the elevation turret to make necessary adjustments for longrange shooting.
- Always ensure the riflescope is pointed in a safe direction before making any adjustments.

Disposal Instructions

- Dispose of the riflescope in accordance with local regulations regarding electronic waste and nonbiodegradable materials.
- Remove any batteries and dispose of them separately according to local battery disposal guidelines.
- Consider recycling components where possible to minimize environmental impact.

Contact Information for Further Support

For any safety inquiries or additional support regarding the 3-20x50 PM II Ultra Short Riflescope, please refer to the manufacturer's website or contact your local distributor for assistance.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your Schmidt and Bender riflescope. Thank you for your attention to safety!
