

3-27x56 PM II High Power - 3-27x56 PM II High Power LP P4FL 1cm cw DT II+ MTC LT / ST II ZC LT

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The 3-27x56 PM II High Power from Schmidt and Bender is a premier tactical riflescope engineered for ultimate versatility—capable of precise performance from near-range engagements all the way to extreme long-distance targets. With an expansive 3-27x magnification range, this scope adapts effortlessly across calibres and mission profiles.

Its 56 mm objective lens offers exceptional light gathering and clarity, enabling detailed target acquisition even at great distances. The field of view spans approximately 13.0-1.4 m at 100 m, while the exit pupil ranges around 8.7-2.1 mm. Generous eye relief of around 90 mm ensures comfortable alignment and a stable sight picture.

Built on a rugged 34 mm main tube, the scope is constructed for demanding environments. The turret system accommodates ultra-fine click values (e.g., ~0.1 mrad) and massive internal adjustment ranges for elevation and windage—making it suitable for long-range engagement scenarios. Parallax adjustment commonly spans from around 10 m to infinity, giving flexibility across varied target distances.

Key Specifications:

Magnification: 3-27x

Objective Lens Diameter: 56 mm

Main Tube Diameter: 34 mm

Field of View: approx. 13.0-1.4 m @100 m

Exit Pupil: approx. 8.7-2.1 mm

Eye Relief: approx. 90 mm

Click Value: approx. 0.1 mrad (~0.5 cm @100 m) depending on configuration

Parallax: from ~10 m to infinity

Crafted with German precision, the 3-27x56 PM II High Power is ideal for professionals, competition marksmen or hunters who demand the highest optical clarity, mechanical resilience and full versatility across a wide range of engagement distances.

Safety Instruction Guide for the 3-27x56 PM II High Power Riflescope

Introduction

Thank you for choosing the 3-27x56 PM II High Power Riflescope from Schmidt and Bender. This guide provides essential safety instructions to ensure the safe and effective use of your new riflescope. Please read this guide carefully before using the product.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the riflescope by following all instructions. This product is designed for nonfood use and adheres to the safety standards set by the EU General Product Safety Regulation (GPSR).
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to this product. If a recall occurs, you will be provided with a standardized notice and remedies at no cost to you.
- **Online Shopping Safety:** If purchased online, this product is covered by the same safety protections as those available in physical stores. Ensure that the online platform complies with safety requirements.
- **Special Consumer Focus:** Extra care should be taken when this product is used by vulnerable groups, such as children. Always supervise any use by minors.
- **EU Contact Point:** For safety inquiries, please refer to the EU-based contact information provided with your product packaging.
- **Rapid Alerts:** Be aware of the Safety Gate system, which provides faster updates on unsafe products. Regularly check for any safety alerts regarding your riflescope.

Specific Safety Precautions for Use

- **Handling:** Always handle the riflescope with care to avoid damage. Do not drop or subject it to extreme impacts.
- **Installation:** Ensure that the riflescope is securely mounted to your firearm according to the installation instructions provided. A loose or improperly mounted scope can lead to accidents.
- **Eye Protection:** Always wear appropriate eye protection when using the riflescope, especially during live firing.
- **Environmental Conditions:** Avoid using the riflescope in extreme weather conditions (e.g., heavy rain, snow, or fog) that may impair visibility or damage the product.
- **Storage:** Store the riflescope in a cool, dry place, away from direct sunlight and moisture. Use a protective case when not in use.
- **Maintenance:** Regularly check and clean the riflescope according to the manufacturer's instructions to ensure optimal performance.

Instructions for Installation and Usage

Installation

1. Mounting the Riflescope:

- Select a suitable mounting base compatible with your firearm.
- Securely attach the base to the firearm according to the manufacturer's specifications.
- Carefully place the riflescope onto the mounted base.
- Adjust the scope's position to ensure proper eye relief and alignment with the sighting line.
- Tighten all screws and mounts securely, following the torque specifications provided by the manufacturer.

2. Final Adjustments:

- Once mounted, check the alignment of the reticle and make any necessary adjustments.
- Ensure that the riflescope is level and properly positioned for optimal use.

Usage

• Before Firing:

- Ensure the area is safe and free from obstructions or people before aiming and firing.
- Check that the riflescope is properly adjusted for windage and elevation as per your shooting requirements.

• During Firing:

- Maintain a steady position and use proper shooting techniques to ensure accuracy.
- Keep both eyes open if using a variable magnification to maintain awareness of your surroundings.

• After Firing:

- Always unload your firearm and ensure it is safe before inspecting the riflescope or making adjustments.

Disposal Instructions

- **Environmental Responsibility:** Dispose of the riflescope in accordance with local regulations and guidelines for electronic waste.
- **Recycling:** If applicable, recycle any components of the riflescope to minimize environmental impact. Check with local recycling facilities for proper disposal methods.

Contact Information for Further Support

For any inquiries or support related to the 3-27x56 PM II High Power Riflescope, please refer to the contact information provided in the product packaging or visit the manufacturer's website.

Thank you for choosing Schmidt and Bender. Your safety and satisfaction are our top priorities.
