

1-8x24 Exos TMR - 1-8x24 Exos LM FD7 TMR 1cm cw Posicon CT / Posicon CT

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The 1-8×24 Exos from Schmidt and Bender is a highly versatile, premium hunting riflescope designed for both rapid target acquisition and effective mid-range shooting. With a magnification range of 1–8× and a 24 mm objective lens, it combines the speed of a red-dot style sight with the precision of a full zoom optic.

Key Features and Benefits

True 1× magnification at the low end enables fast, intuitive shots with both eyes open and no magnification distortion.

Higher magnification transitions up to 8×, offering flexibility across a wide range of distances.

Wide field of view: approximately 35.3 m to 4.9 m at 100 m, providing excellent situational awareness at low magnification and fine detail at higher zoom.

Generous eye relief of 90 mm for comfortable and safe mounting across different rifle platforms.

High optical quality with an exit pupil of approximately 9.6–3.0 mm and light transmission over 90 %, ensuring bright, crisp imagery even in low light.

Compact, durable build: 30 mm main tube, length approx. 293 mm, weight around 595 g.

Adjustable illuminated reticle in certain versions for optimal visibility in varied lighting conditions.

Technical Highlights

Magnification: 1-8×

Objective Lens Diameter: 24 mm

Field of View: approx. 35.3–4.9 m @100 m

Exit Pupil: approx. 9.6–3.0 mm

Eye Relief: 90 mm

Transmission: >90%

Tube Diameter: 30 mm

Length: approx. 293 mm

Weight: approx. 595 g

Ideal Use Case

The 1-8×24 Exos is perfect for hunters and shooters engaging fast-moving game or participating in driven hunts where immediate reaction is needed at short distance, while still providing enough zoom to clearly identify and shoot at greater ranges. Its blend of speed, clarity, and field-ready design makes it a versatile, one-scope solution.

Safety Instruction Guide for the 1-8x24 Exos TMR Riflescope

Introduction

Thank you for choosing the 1-8x24 Exos TMR Riflescope from Schmidt and Bender. This guide provides essential safety information and usage instructions to ensure safe and effective operation of your riflescope. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the riflescope is used only for its intended purpose as a hunting and shooting accessory.
- Always handle firearms and related equipment with care and responsibility.
- Store the riflescope in a safe and secure location when not in use, away from children and unauthorized users.
- Regularly inspect the riflescope for any signs of damage or wear before use.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Do not use the riflescope if it is damaged or malfunctioning.
- Ensure that the riflescope is securely mounted to the firearm before use.
- Always keep the riflescope lens clean and free from obstructions.
- Use the riflescope only in appropriate lighting conditions to ensure optimal visibility.
- Avoid looking directly at the sun through the riflescope, as this can cause serious eye damage.

Instructions for Installation and Usage

1. Installation:

- Carefully read the manufacturer's instructions for mounting the riflescope.
- Use appropriate tools to securely attach the riflescope to the firearm.
- Verify that the riflescope is level and properly aligned with the barrel.

2. Usage:

- Adjust the magnification setting according to your shooting distance and conditions.
- Use the illuminated reticle feature in lowlight conditions for better visibility.
- Maintain a proper shooting stance and ensure a clear line of sight to your target.
- Always ensure that the area behind your target is safe before taking a shot.

Disposal Instructions

- Dispose of the riflescope in accordance with local regulations regarding electronic waste and firearms accessories.
- Do not dispose of the riflescope in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the safety and usage of the 1-8x24 Exos TMR Riflescope, please refer to the manufacturer's website or contact their support team directly.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your riflescope. Thank you for prioritizing safety in your shooting activities.
