

# Blue Ocean Rugged Megaphone

## Shooting Accessories

The Blue Ocean Megaphone is the the latest product developed by Nielsen Kellerman, the manufacturer of all Kestrel weather meters. Designed originally for the rowing industry, these megaphones have become extremely popular with military, fire and police departments, and others who need to be heard by a large group of people.

The Blue Ocean is the most durable, weather resistant bullhorn you will find. It was uniquely designed and carefully built to defy severe weather that commonly ruin other megaphones; corrosion, cracking, breaking, and water damage. This megaphone is waterproof, and actually floats if accidentally dropped in the water. The two handles on the Blue Ocean increases the durability, as well as make it easier to handle than the typical megaphone.

# Blue Ocean Rugged Megaphone Safety Instructions

## Introduction

Thank you for choosing the Blue Ocean Rugged Megaphone. This guide provides important safety instructions and guidelines to ensure the safe and effective use of the product. Please read this manual thoroughly before use to familiarize yourself with the safety precautions and operational procedures.

## General Safety Guidelines

- Ensure that the megaphone is used only for its intended purpose.
- Keep the megaphone out of reach of children to prevent accidental use or injury.
- Inspect the megaphone for any damage before each use. Do not use if damaged.
- Avoid exposing the megaphone to extreme temperatures or direct sunlight for prolonged periods.
- Use the megaphone in a wellventilated area.
- Do not use the megaphone near water unless in accordance with its waterproof design.
- Always ensure the volume is set to a safe level to protect your hearing and that of others.

## Specific Safety Precautions for Use

- **Handling:** Use both handles for better grip and stability. Avoid dropping the megaphone as this may cause damage.
- **Weather Conditions:** While the megaphone is designed to be weatherresistant, avoid using it in severe weather conditions such as heavy rain or strong winds unless necessary.
- **Battery Safety:** If applicable, ensure that the batteries are inserted correctly and do not mix old and new batteries. Remove batteries if the megaphone will not be used for an extended period.
- **Noise Level:** Be mindful of your surroundings when using the megaphone. Excessive noise can disturb others and may lead to complaints or legal issues.
- **Emergency Use:** In emergency situations, use the megaphone to communicate clearly but avoid panicinducing volume levels.

## Instructions for Installation and Usage

### 1. Unpacking:

- Carefully remove the megaphone from its packaging.
- Ensure all components are present and undamaged.

### 2. Setting Up:

- If applicable, insert the batteries according to the indicated polarity (+/).
- Ensure the power switch is in the "Off" position before inserting batteries.

### 3. Using the Megaphone:

- Turn the power switch to the "On" position.
- Adjust the volume control to a comfortable level.
- Hold the megaphone with both hands, using the handles for stability.
- Speak clearly into the microphone, keeping a reasonable distance to avoid distortion.

### 4. PostUse:

- Turn the power switch to the "Off" position after use.
- Store the megaphone in a dry and safe place.

## Disposal Instructions

- Dispose of the megaphone in accordance with local regulations regarding electronic waste.
- Remove batteries and dispose of them separately at designated battery recycling locations.
- Do not dispose of the megaphone in regular household waste.

## Contact Information for Further Support

For any safety inquiries or further support, please refer to the contact information provided on the product packaging or visit the manufacturer's website.

Thank you for your attention to these safety instructions. Enjoy using your Blue Ocean Rugged Megaphone responsibly!
