

# Blue Ocean Rugged Megaphone

## Shooting Accessories

The most powerful and reliable megaphone made today, bar none. Rugged, waterproof and durable, yet lightweight and easy to hold. Advanced sound engineering provides extreme range AND crystal clear speed reproduction.

The Blue Ocean Rugged Megaphone was engineered with a unique design to combat the environmental elements that easily wear down the competition. To project a louder, clearer sound the megaphone has a higher efficiency amplifier built in to improve the overall sound quality.

The Blue Ocean megaphone is the the latest product developed by Nielsen Kellerman, the manufacturer of all Kestrel weather meters. Designed originally for the rowing industry, these megaphones have become extremely popular with military, fire and police departments, and others who need to be heard by a large group of people.

# Blue Ocean Rugged Megaphone Safety Instructions

## Introduction

Thank you for choosing the Blue Ocean Rugged Megaphone. This powerful and reliable device is designed for various applications, from military use to public safety. To ensure your safety and the best performance from your megaphone, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure the megaphone is used only for its intended purpose.
- Keep the megaphone away from water and extreme weather conditions unless specified as waterproof.
- Regularly inspect the megaphone for any signs of damage or wear.
- Avoid using the megaphone in close proximity to loud noises to prevent hearing damage.
- Store the megaphone in a safe place, out of reach of children.

## Specific Safety Precautions for Use

- Do not use the megaphone while driving or operating machinery.
- Avoid pointing the megaphone directly at anyone's ears to prevent hearing injury.
- Use the megaphone in open areas to maximize sound projection and clarity.
- Ensure the volume is set to a reasonable level before use to avoid startling others.
- If the megaphone shows signs of malfunction, discontinue use immediately and seek assistance.

## Instructions for Installation and Usage

1. **Unboxing:** Carefully remove the megaphone from its packaging. Ensure all components are present.
2. **Powering On:**
  - Insert the required batteries according to the instructions in the battery compartment.
  - Switch the power button to the "On" position.
3. **Volume Adjustment:**
  - Use the volume control knob to set the desired sound level before speaking.
4. **Microphone Usage:**
  - Hold the megaphone at a comfortable distance from your mouth.
  - Speak clearly into the microphone for optimal sound projection.
5. **Powering Off:**
  - Switch the power button to the "Off" position after use to conserve battery life.
6. **Storage:**
  - Store the megaphone in a dry, cool place when not in use to prolong its lifespan.

## Disposal Instructions

- Dispose of the megaphone and batteries in accordance with local regulations.
- Do not dispose of electronic devices in regular household waste.
- Check for recycling programs in your area for proper disposal of electronic products.

## Contact Information for Further Support

For any safety inquiries or support regarding the Blue Ocean Rugged Megaphone, please reach out to the designated EU contact point provided by the manufacturer.

## Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your Blue Ocean Rugged Megaphone. If you have any questions or concerns, please consult the manufacturer or the appropriate safety authorities. Thank you for your attention to safety!
