

Heimdall - Barrel Cleaning Foam (200ml)

[Gun Cleaning & Chemicals](#) > [Solvents & Degreasers](#) > [Bore Solvents](#)

The Wolfskrieger Barrel Foam is a powerful, ammonia-free bore cleaning foam developed for deep and efficient barrel maintenance. Designed to remove carbon, copper, lead, zinc, and other firing residues, it penetrates thoroughly into the bore and loosens stubborn fouling for easy removal.

Its expanding foam formula fills the barrel completely, reaching grooves and surfaces that traditional patches and brushes often miss. After application, the foam works actively to break down deposits, allowing them to be wiped out cleanly and efficiently.

Unlike aggressive ammonia-based cleaners, Wolfskrieger Barrel Foam is low-odor, non-flammable, and biodegradable, making it safe to handle while remaining tough on fouling. It is gentle on steel, aluminum, coated finishes, wood, plastics, and rubber - ensuring safe use across a wide range of firearms and air-powered weapons.

In addition to its cleaning performance, the formula leaves behind a thin protective film that helps guard against corrosion during storage.

Built for shooters who value effective maintenance without harsh chemicals, Wolfskrieger Barrel Foam delivers reliable cleaning power in a modern, user-friendly solution.

Heimdall Barrel Cleaning Foam Safety Instruction Guide

Introduction

Thank you for choosing Heimdall Barrel Cleaning Foam. This product is designed for effective barrel maintenance, ensuring your firearms and airpowered weapons remain in optimal condition. Please read this safety instruction guide carefully to ensure safe and proper use of this product.

General Safety Guidelines

- Ensure safe use of Heimdall Barrel Cleaning Foam by following these guidelines:
 - Store the product out of reach of children and pets.
 - Use only as directed on the label.
 - Avoid contact with eyes and skin. In case of contact, rinse thoroughly with water.
 - Do not ingest. If swallowed, seek medical attention immediately.
 - Ensure adequate ventilation when using this product to avoid inhalation of fumes.
 - Do not use near open flames or sparks as the product is nonflammable but should still be handled with care.

Specific Safety Precautions for Use

- Before using Heimdall Barrel Cleaning Foam, observe the following precautions:
 - Wear protective gloves and eyewear to prevent skin and eye irritation.
 - Shake the canister well before use to ensure proper mixing of the foam.
 - Test the product on a small, inconspicuous area of the surface to ensure compatibility.
 - Do not use on firearms that are hot or have been recently fired.
 - Avoid using the product in confined spaces without proper ventilation.
 - Do not puncture or incinerate the canister, even when empty.

Instructions for Installation and Usage

- To ensure effective cleaning with Heimdall Barrel Cleaning Foam, follow these steps:

1. Preparation:

- Ensure the firearm is unloaded and safe to handle.
- Remove any detachable parts that may be affected by the foam.

2. Application:

- Shake the canister vigorously for at least 30 seconds.
- Hold the canister upright and insert the nozzle into the bore of the barrel.
- Press the nozzle to dispense the foam into the barrel.
- Allow the foam to expand and fill the barrel, ensuring it reaches all grooves and surfaces.

3. Waiting Period:

- Let the foam sit for 1015 minutes to penetrate and loosen fouling.

4. Cleaning:

- After the waiting period, use a cleaning rod and patch to remove the loosened fouling.

- Wipe down the exterior surfaces with a clean cloth.

5. **Final Steps:**

- Dispose of used patches and any excess foam responsibly.
- Store the canister in a cool, dry place away from direct sunlight.

Disposal Instructions

- Dispose of Heimdall Barrel Cleaning Foam responsibly:
 - Do not dispose of the canister in household waste.
 - Take the empty canister to a designated recycling center that accepts aerosol containers.
 - Follow local regulations for hazardous waste disposal if applicable.

Contact Information for Further Support

- For any inquiries regarding safety or usage, please refer to the contact information provided on the product packaging or visit the manufacturer's website.

Conclusion

By following these safety instructions, you can ensure the effective and safe use of Heimdall Barrel Cleaning Foam. Always prioritize safety and proper handling to maintain your firearms in excellent condition. Thank you for your attention to these guidelines.
